

Rapidly Clear An Airway When Your Patient Needs It Most

Kuic Bulb™

Easy to use

Compact and
Lightweight

Powerful
Suction

- Ready for immediate use with no complex assembly
- Compatible with any Yankauer or rigid suction catheter
- A single hand provides both suctioning power and precision guidance of catheter tip
- Delivers repeated suctioning without the need to remove the catheter from the mouth
- Ideally suited for a variety of settings:
 - ~ Prehospital: ambulances, EMT bag sets
 - ~ Hospital: emergency rooms, operating rooms, intensive care units, MRIs
 - ~ Emergency code carts
 - ~ Military: austere environments
- Hospital surveys have shown that up to **86%** of suction equipment was **NOT** ready for immediate patient use.
