APRIL 2021

NATIONAL ADMINISTRATIVE PROFESSIONALS' DAY!

National Administrative Professionals' Day, also known as Secretaries Day or Admin Day, recognizes the professionals who keep an office running smoothly every day. Celebrating these professionals is usually on the Wednesday of the last full week in April of each year. The day recognizes the work of secretaries, administrative assistants, receptionists, and other administrative support professionals. Central to any business, these professionals keep an office organized and efficient. We are extremely fortunate to have Ms. Mary and Ms. Janet work at St. Mary's and help keep the school running smoothly and efficiently. Each class recognized each of them with a symbol of appreciation. Thank you Ms. Mary and Ms. Janet!!

Thank you Ford & Lasko

Ford's latest innovation in the fight against COVID-19 is an air filtration kit, co-developed with Lasko, that you can assemble at home or in school – and the science behind it is backed up by a peer-reviewed research article appearing this month in a prominent scientific journal.

Ford and Lasko are donating 20,000 of these easy-to-make kits to underserved communities. Featuring an open-source design, the kit can be used by others interested in making their own to help reduce COVID-19 in rooms and other enclosed spaces.

Ford donated 28 kits to St. Mary's this year. Each classroom received 2 kits to help provide clean air to our students!

Ford also donated over 3000 masks to our school! Thank you FORD!!

Boys Basketball & Girls Volleyball Games Begin

Middle School boys basketball began playing games this month. Mark Garcia and Brian Thompson stepped in and coached our Varsity and C-Teams.

Middle School girls volleyball games also started up this month. Victoria Cano and Jennifer Baldonado coached our JV and C-Teams.

It was so exciting to watch these students play after a year hiatus. We just can't hide that ROADRUNNER PRIDE!!

Pre-K & Kinder go on a hunt!
