Mass music has a new sound this year!

Our new musicians at the children's masses are our own Marinus and Genevieve Sanchez. Marinus, an 8th grader, has been taking guitar lessons with Mr. Valdez here at St. Mary's for a few years now. This year he felt confident enough to be our guitarist for all our school masses. His sister Genevieve, a 6th grader, sings all the mass songs. Genevieve made her singing debut at St. Mary's two years ago when she sang "Were You There" for our living stations. Everyone is so proud to have our own students perform this very important ministry. Come to our Wednesday masses to feel very inspired by such beauty and love of God.

Full Re-Entry October 19th

All students at St. Mary's will attend a full day of school every day beginning on Monday, Oct. 19th. For 9 weeks students have been attending half days every day to mitigate spread of the Covid Virus. Because of the recent change to our capacity ruling and the stringent measures put into place, we feel confident in having all students present. All mitigation will continue when students are here full time.
