

Welcome to Kindergarten!

FATH

SERVICE

EXCELLENCE

Catholic Identity

Catholic faith is incorporated into every aspect of our school day.

The students will learn what it is to be an image of God through Christ centered lessons, prayer, and schoolwide service activities that aid our local community.

Holy Mass on Wednesday

We are very fortunate to be able to attend Holy Mass every Wednesday!

8th Grade Buddies

Each kindergarten student will be matched with an 8th grade "buddy." These "buddies" are a special part of the kinder experience. 8th grade buddies are great role models and friends to our kindergartners.

"I can do all things through Christ who gives me strength."

High Academic Potential

Our kindergarten classroom is a fun and exciting place to learn.

Various teaching techniques will be used to help your child grow academically, including hands on activities, learning centers, and peer collaboration. We have high expectations for our students and each student is challenged in their own way. Respect and responsibility are highly emphasized in the classroom.

St. Mary's Catholic School prepares students to be leaders in worship, work, and the world through Roman Catholic teachings, rigorous academics, and service to others.
