

Avery and Mack and a day with The babies

Avery pushed the **baby girl**,
and **Mack** pushed the **baby boy**,
in their strollers.

Soon Mack wanted to
push the baby girl,
so the sisters
swapped strollers
with a smile.

**They stopped to show
the babies some rainbow flowers.
Bees buzzed and butterflies
fluttered all around.**

**Avery explained
how a caterpillar
grows into a
beautiful butterfly.**

**Back at home, Avery showed
the babies her butterfly
stuffed animals, and then
Avery and Mack put on
butterfly dresses.**

Then Avery and Mack
fed the babies their bottles
and rocked them
gently to sleep.

**When the babies were
asleep, Avery and Mack
went outside to play
quietly in the yard.**

**When the babies woke up,
Avery showed them
how to do the monkey bars.
What a fun day
with the babies! ♡**

Avery and Mack have a day
full of fun, learning, and love
with the babies!
