Dear Parents,

Welcome to an exciting school year at Na Maka Kindergarten Prep School. We are looking forward to providing many learning experiences for your child. To insure a happy and successful year, we are asking for your cooperation in helping us follow through on several items.

1. Each student will maintain a "Communication Log" in which homework assignments and reminders will be attached. Along with the communication log, a homework portfolio will be used to place worksheets and bulletins in. In addition, content homework will be placed in colored folders. **Please review the communication log. Sign the communication log upon review and completion of homework. Homework log will be reviewed for signature and notes every morning.** In this way, we are assured that you are aware of your child's homework and school activities. Also, please feel free to communicate with me via the communication log if you have any concerns or questions.

2. Generally, homework will be given Monday through Thursdays. Homework will consist of reading and logging books that are sent home daily. We encourage you to read additional books found in your own library at home and logging these books down as well. There will also be review worksheets and/or activities of concepts that has been taught in class. The reason for daily homework is to reinforce what was taught in class.

3. As you know, when a student is absent, concepts taught in class are missed. When possible, please call the school office by 8:30 am to request for homework if you are able to pick up the assignment. If you are unable to, your child will receive their missed homework upon returning to school.

4. Our school day begins promptly at 8:00 with Circle Time. Circle Time consists of morning greeting, announcements, agenda for the day and transition to begin our day. It would be of benefit for your child that he/she be present and on time for Circle Time.

It is our desire to make this school year a rewarding and an educationally enlightening one for your child. Let us work together to make these goals possible. I look forward to working with you and your child.

Sincerely,

Na Maka Kindergarten Prep School Staff
