

Program Description

Penny Lane Childcare was established in 1976. Our centers are state-licensed, accredited childcare programs that implement developmentally appropriate, hands-on learning experiences. There are two locations in Monroe County; Penny Lane East (6:30a.m.-5:30p.m.) and Penny Lane West (6:00am-5:30pm.). We offer care from ages 6 weeks-10 years; including infants, toddlers, preschool (3-5), pre-K/Kindergarten, school-age before & after school care, school breaks, and school-age summer care. Part- or full-time care is available for all ages. Part time is a minimum of 3 full days a week and days may fluctuate to allow flexibility for families. Our program also offers half days (5 hours or less) for parent convenience. Refer to our fee schedule for detailed charges; included in the Financial/Intake Agreement packet.

Bloomington Day Care Corporation Sponsorship Statement

Bloomington Day Care Corporation is privately owned and a not-for-profit organization. The corporation does business as Penny Lane Childcare, and we are not sponsored by any other programs or agencies. Both centers work together with community agencies for referral and recruiting purposes; however, these agencies do not provide monetary contributions to either center. Penny Lane has a financial goal to operate in a responsible manner and to provide our community with quality childcare. Our center charges remain competitive and below current market rates to help support families and still provide quality childcare.
