PRIVATE CHEF SERVICES

Team Building Cooking Classes(10 participant minimum)

Ultimate Dining

In this class, your group will be split into teams that go head to head building the ultimate 4-course meal. Our chefs will coach your teams on collaborative methods and will select a winning team based on both their process and their final product.

Community Giveback

This class takes gives a different look at team building. The entire group will work together to prepare meals that will be donated to charity. This is a great opportunity to give back to the community while gaining the benefits of teambuilding.

Chopped!

This class focuses less on competition, and more on socialization. It's great for organizations who are trying to get a new group more familiar and comfortable working around each other. Each team will be making a different appetizer. The group will have the opportunity to taste all the different creations.

Food Truck

Want to tap into your team's creativity? Consider something like a friendly Food Truck Competition where guests are split into teams to create/design their own food truck! They are judged on the taste of their food truck item, teamwork, and the design concept of their food truck.

Market Eats

Lets take a Farmers Market tour of fresh produce and products as participants are able to learn about local, seasonal, and sustainable ingredients. Following the tour, the group will be led in preparing creative dishes with seasonal bounty!
