

CASTLE HILL
DINING COLLECTION

CASTLE HILL DINING TABLES

The unique Overlap Apron design is a case where form enhances function. By overlapping the side aprons it allows the arched shape to remain continuous closed, or with any number of leaves installed, and because the aprons never separate the leaves neatly self store inside the table.

Extension Tables

2040 - 38 x 60 (2) 15" Leaves

2041 - 42 x 60 (2) 15" Leaves

2042 - 44 x 66 (3) 12" Leaves

Our unique apron design allows the leaves to conveniently self store while creating a distinctive looking table.

Table Closed

Table Open with (1) Leaf

Table Open with Multiple Leaves

Since the aprons never separate they are always arched at all open lengths.

CASTLE HILL DINING TABLES

Round Single Pedestal Tables

Castle Hill Edge Profile
Castle Hill Pedestal

2051 - 44" Round (1) 15" Leaf
2052 - 48" Round (2) 12" Leaves

Table shown in Autumn with
optional 2-tone Black Aprons

Round Leg Tables

Castle Hill round leg tables feature bent rims providing a more sophisticated look while increasing room between the legs. The rim is shiplapped like all *Piper's Grove* extension tables.

Flat Panel Door
60 W x 38 1/2 H x 18 1/2 D

European style hinges make the doors appear to float in their opening showing no visible hardware when closed.

The Castle Hill profile. This profile with combined bevel and full round edge nicely complements the curved forms of the collection.

Translating our knowledge of working with steam-bent wood obtained by making chairs, we set out to design a more unique case than those from traditional cabinet makers. The curved face creates a dramatic beauty not found on standard flat front case goods, yet retains all the function of a standard case. Certainly a situation where form and function mesh perfectly to create something special.
