Recognition Chairs

#315 UNIVERSITY CHAIR

Traditional styling to this long time classic. The crown is made the same way academic chairs have been made for decades with the back scroll so often eliminated in today's age of simplified production.

Steam bent spindles for comfort.

Overall Size: W23-1/4" x D24-1/4" x H34"
Seat Depth: 16" Seat Height 17-1/4" Arm Height
26-3/4"

As Shown: Standard Silk Screen Finish
Stained arms, black paint with gold trim, silk
screened gold logo

#314 UNIVERSITY SIDE CHAIR

Traditional styling to this long time classic. The crown is made the same way academic chairs have been made for decades with the back scroll so often eliminated in today's age of simplified production. Steam bent spindles for comfort.

Overall Size: W23-1/4" x D24-1/4" x H34"
Seat Depth: 16" Seat Height 17-1/4"

As Shown: Standard Silk Screen Finish
Black paint with gold trim, silk screened gold
logo

#305 ACHIEVEMENT CHAIR

Taking the classic recognition chair and adopting a cleaner look, while still creating that special touch with the back rib on the crown. Flat, plain backs are fast and easy to make, a degree, corporate startup, or decades of hard work weren't fast and easy to make! You should demand a product steeped in the tradition and spirit of why you deserve a recognition chair!

Overall Size: W23-1/4" x D24-1/4" x H34"
Seat Depth: 16" Seat Height 17-1/4" Arm Height 26-3/4"

As Shown: Standard Laser Finish
Stained arms and crown, black paint with gold striping,
laser engraved logo

#304 ACHIEVEMENT SIDE CHAIR

Taking the classic recognition chair and adopting a cleaner look, while still creating that special touch with the back rib on the crown. Flat, plain backs are fast and easy to make, a degree, corporate startup, or decades of hard work weren't fast and easy to make! You should demand a product steeped in the tradition and spirit of why you deserve a recognition chair!

Overall Size: W23-1/4" x D24-1/4" x H34"
Seat Depth: 16" Seat Height 17-1/4"

As Shown: Standard Silk Screen Finish
Black paint with gold striping, silke screened logo

#335 BOSTON

ROCKER

#345 WINCHENDON

ROCKER

After years of hard work and dedication, relax in the comfort of either of our rocking chairs. Both rockers feature lumbar bending to the spindles, with the Boston Rocker being the traditional round turned spindle, and the Winchendon Rocker being arrow paddle spindles. Either way, nothing is more soothing than the gentle motion of a rocking chair. Go ahead and relax... you've earned it!

Overall Size: W231/4" x D28-1/4"(legs) x H42"
Seat Depth: 16" Seat Height 17" Arm Height 26"

As Shown (both Rockers): Standard Laser Finish
Stained crown and arms, black paint with laser engraved logo

#325 CHILD'S BOSTON ROCKER

A child sized version of our classic Boston Rocker. Give your youngster the proper school spirit or recognition for being special.

Overall Size: W18" x D20-3/4"(rockers) x H27"
Seat Depth: 12" Seat Height 11" Arm Height 19"

As Shown: Standard Laser Finish
Stained arms and Crown, Black paint with gold trim, laser engraved

PRODUCT FEATURES/OPTIONS

Bent Spindles

Details are the difference between a basic chair & fine furniture. Steam bent spindles are not only aesthetically superior to straight spindles, but once you sit in our chair you will clearly understand why we make the extra effort.

Scroll Top Crown

Traditional construction of our 315 university chair includes the scroll on the top crown. This requires added steps, is an added detail, an extra effort, but recognition chairs aren't for those who cut corners, so why would we!

Back Rib

The 305 back rib is painstakingly shaped, hand glued in place, then specially machined as a single component to create a distinguished look in line with the reasons you order a recognition chair, ultimate achievement.

Brass Plaque

By adding one of our custom engraved solid brass plaques, each chair will display your achievements in great detail for generations. We offer our plaques in two sizes and attach them to the back of the crown.

Small Plaque: 1-1/2" T x 4" L
supports up to 4 lines of text
30 characters/line maximum

Large Plaque: 2" T x 4" L
supports up to 7 lines of text
30 character/line maximum

Laser Engraving

Using a laser, your logo is engraved into the wood. This process gives depth to the logo producing a three dimensional appearance that will last forever. Since each logo is computer generated, customization, such as your name, is easily added.

Gold Filled Engraving

By gold filling a laser engraved logo, we are able to simulate the look of the traditional gold silk screen, while offering all the benefits and options of laser engraving. Add your name, degree, or years of service, and still get the look of the gold silkscreen without the need to produce a screen. Quickly becoming our most popular!

Gold Silk Screen

The gold logo on a lustrous black finish is the long time standard of recognition products. We can also produce multi color logos using the silk screen process. This process requires individual screens for each name, logo, or color - please contact us for details and availability.

CUSTOMIZATION: The laser process allows for easy addition of text such as name, title, degree, and year of graduation as examples. Silk Screen customization requires the production of a new silk screen. Please contact us for details about any custom applications.

Recognition Chair Finishes

All Stain

The entire chair is stained in our warm cherry finish. Hand applied gold striping adds a perfect finishing touch.

All Paint

Entire chair painted black. In the All Black finish the arms would also be painted on the 305, 315, 325, 335, and 345

Standard Silkscreen/Gold Filled Laser Engraving

The gold on black of our silkscreen, or gold filled laser engraving, shows best on our lustrous black finish. Warm cherry finish on the arms, black everywhere else, and of course hand-striped gold accents.

Standard Laser

Our laser engraved chairs show best on a stained crown. After engraving we apply black enhancement to make the engraving truly stand out. Body of the chair painted in our satin black, arms are stained in our cherry finish to match the crown.

2-Tone Seat

Considered to be one of our most handsome finishes, the two-tone option can be applied to any of the painted finishes on all chairs except the 325 Children's Rocker.
