Puppies from this litter are \$1750 pet/working price or \$2250 full AKC/UKC registration. The deposit to hold a spot is \$250. As shown above we accept 3 male and 3 female deposits prior to breeding ( you may opt for male or female if you are not sure) Deposits are recorded in order received so the sooner a deposit is made the higher your pick position. Deposits are non-refundable unless a breeding does not happen or there are not enough male/females to reach your pick #. You may either get a refund or push your deposit on to the next litter for a higher pick #.
