

Seasons Greetings To Our Friends of Hood Pond Donors,
As 2020 is coming to a close we wanted to send our best wishes to you and your loved ones for a safe and happy holiday season. Though the world and our lives have changed drastically due to COVID-19 there are still many things to celebrate this year, especially for our organization. Hood Pond gave so many people a place to safely enjoy nature and bring back a sense of normalcy into their lives. Not only that but thanks to your support, Friends of Hood Pond's five-year plan has successfully reached another milestone and decreased the invasive plant infestation that is threatening the life of the pond! This is such a significant development and could not have happened without you. Our goal for 2021 is to continue to maintain this commitment to save the pond. If you or anyone you know has the means to donate to our organization this holiday season, via the link on our website, it would help us greatly in our efforts to continue to cover costs to revive and sustain this beautiful piece of nature. All of us want to continue to enjoy Hood Pond for years to come. Most importantly, we want the message of our organization to reach beyond our community because, as this pandemic has taught us, we are all in this together. So we encourage you to check out our Instagram and Facebook @friendsofhoodpond to become more connected with us on our journey. We thank you again for your support thus far and we cannot wait to continue our mission into the new year!

Sincerely,
Friends of Hood Pond
