I'd like to request the same to go to Kojo since it was found he was orchestrating maliciously on my last case separately to me and separately to the Prosecutor in that case Chief Exec to influence outcome of the case.

Okay got it, didn't see the case number originally.

Can I again request to not have jurist Arkan affiliated with this case in anyway he can influence judges since there was an official Hawab DFW mediation that concluded he owed me money in 2021 although he refused to pay me back. And on a separate occasion actually called me a nigger even though I was confused about that one.

Also I'm requesting to have the same done for Trezell since he originally broke court orders and lied to a client in order to get paid from him while client was trying to work with me?

And also request

Hey, it's not that deep I don't have a problem rescheduling but I initially said Friday works on March 5th immediately after our email correspondence.

So it wasn't that last minute of a notification. Let me know what day works then if that works for NJS and let's schedule for then. It may work out a little better for everyone.

I do not have everyone in place for a hearing today. I asked for this to be done with proper notification so that I could have my family available. So now I'm supposed to rush all these people because the defendant now has time to say he has time but, where was that energy before. THE BURNETT FAMILY WILL NEED PROPER NOTICE FOR A HEARING. Thanks.

Greetings,

What's the latest we can get together tomorrow everyone?

I'm asking because I'll be with my son unexpectedly, but I would like to work it out so we can all definitely meet tomorrow.

Greetings,

Keishia Burnett has filed a complaint against Kin Way Xi, demanding remedy of \$4680 in damages minus tribal business cost. Plaintiff does not wish to arbitrate. How does the Defendant respond?
