I'm NOT taking a Plea deal. I have absolute proof that all [REDACTED] woman reached out to me. [REDACTED] reached out to me thru IG messenger. [REDACTED] also reached out to me as well. My question is why haven't any done anything about [REDACTED] case? I never call [REDACTED] she reached out to me. I wouldn't have known anything was going on in [REDACTED] household. Let's go! I've done nothing. Start the trial. People been knowing about [REDACTED] being abused and no one has done anything. [REDACTED] is now homeless and has filed several claims and nothing has been done. [REDACTED] are still married and [REDACTED] told [REDACTED] don't come back. Absolutely making false claims against me.  
Start the trial I have nothing to hide Also I want [REDACTED] as witness
