Also again to whoever is scared to share whos talking to me in this email...

Please tell me whos sending this email, don't say you all speak as a unit because you already disproved that by telling me initially Arkan wanted to stay on simply because he wanted to stay on after i presented evidence of bias...

For an "official" court case that's how the decision was made lol

Bro stop playing with me and stop hiding your identity on a so called court Response. If it's been B'ak simply say that.

Uhhm...naah.

Y'all are playing court, kangaroo court at that

I really hope y'all aren't trying to play any Nationals i brought into the government like that.

First decision to keep Arkan on because he simply said he wanted to be on without an official discussion 😞

We'll handle it at the Congressional level. That's the kind version.

In the meantime here... consider this my

Notice of Appeal

What's the Tribal procedure for that again? Because i didn't see it anywhere, please share...

This is my Motion a vacate default judgment and go about this entire court operation operating as a kangaroo court as amicably as possible.
I'm currently going the higher route.

You'll get your answers for the previous motions submitted from JS
I just happened to talk to a brother in ARNA Congress that gave me the idea to go this route before i go any other.

Thanks.

Also you guys don't have to hide the legal work or even the basic ARNA Jurist work you're doing.
I remember I asked probably back in 2023 or 2022 and didn't get any answers.
