

Dual Team Rewards Plan

No compensation is based on the act of head hunting or recruiting. Nu Xtrax is not an internal consumption company. Nu Xtrax is a product driven company. All commissions are based on the sale of product to the end consumer. Nu Xtrax thrives on customer acquisition of true end consumers; these are required and are called Participants.

*Rank ID Embedding: You will want to achieve ranks as quickly as possible. As soon as you achieve your rank the rank bonus pay becomes ID embedded to you on any new lineages of Activists (representatives) who purchase product packs on a date after you acquire your rank. This ID embedded rewards program enhances leadership support due to the fact that those ranking up in our program have an incentive to support activist ID embedded to them. For this reason leadership reaching National ranking has a more stable rewards payout with less fluctuation in their rewards, and they can focus on building depth in their team with the sales of activist ID embedded to them.

6.) Dual Team Pay Cycles:

- \$299 1 x Product Package (4 bottles of product) = 100 BV

Dual Team cycles at 500 BV and a minimum of 200 BV on each team. It pays \$20-\$35 per cycle for qualified District Activists and above with a cap of up to \$6,500 per week, per center. (The 2x package triples your income potential!) The first and only time that a center reaches \$2,000 binary commission in one week, a new position is placed down in your group in an OPEN position of your choice. Therefore, your dual team cycle compensation can be as much as you want it to be from the efforts you put into building your business! Note: The free center will appear under the My Team link in your back office in the left column and then click Placement Hold. Placement Hold will appear each time you qualify for a free center and disappear after you place the center where you want it to go.

The more you help, the more you make!

8.) \$45 Vouchers

A \$45 Voucher can only be acquired three ways:

- 1.) A Participant (customer) position can only acquire \$45 vouchers for future orders based on acquiring 2 personally enrolled Participants (25 BV x 2 = 50 BV paid to upline tree) which earns a \$45 voucher credit every time they make a purchase and will be applied automatically towards the next auto ship. \$45 vouchers can be used 1 per bottle. That discounted auto ship = 10 BV and not the original 25 BV and no Fast Start Bonuses are earned by the upline. (Participants acquire no BV and earn no Fast Start Bonuses. They can only acquire \$45 Vouchers.) You can have as many Participants as you want to make a personal sale to and receive \$45 vouchers accordingly. Example: If you have personally enrolled 100 paying Participants, then you will receive 50 vouchers each month.
- 2.) An Activist position can only acquire \$45 vouchers for future orders based on acquiring 2 personally enrolled Participants (25 BV x 2 = 50 BV paid to upline tree) which earns a \$45 voucher credit every time they make a purchase and will be automatically applied towards the next auto ship. \$45 vouchers can be used 1 per bottle. That discounted auto ship = 10 BV and not the original 50 BV. You can have as many Participants as you want to enroll and receive \$45 vouchers accordingly. Example: If you personally have 100 paying Participants, then you will receive 50 vouchers each month.
- 3.) An Activist can voluntarily use one \$45 Voucher towards their new Activist's \$598 2x product package purchase during enrollment. When that happens the discounted \$598 2x product package = 175 BV and not the original 220 BV. The Fast Start Bonuses paid upline remain the same as the full price \$598 2x product packages. An Activist can also voluntarily use one \$45 Voucher towards their Activist's \$349 Upgrade from 1x to 2x product package purchase. When that happens the discounted \$349 Upgrade from 1x to 2x product package = 50 BV and not the original 120 BV. The Fast Start Bonuses paid upline remain the same as the full price \$349 Upgrade from 1x to 2x product packages.

Note: \$45 Vouchers cannot be used towards the purchase on your new Activist's \$299 1x product package, only with the \$598 2x product package or the \$349 Upgrade from 1x to 2x product package.

A \$45 Voucher is allowed to be used with 5 orders and here is the adjusted BV for each if the voucher is used:

- 1.) Personal auto ship order will be 10 BV.
- 2.) Your personally enrolled new Activist's purchase of a \$598 2x product package will be 175 BV.
- 3.) Your personal Family Pack auto ship (Product ID: LGRX_FPAS) will be 50 BV.

- 4.) Your personal \$349 Upgrade from 1x to 2x product package (Product ID: LGRX_2X_UP) will be 50 BV.
- 5.) Your personal 3 month auto ship 3 bottles.

AVAILABLE VOUCHER CODES

These \$45 voucher codes can be used for your personal auto ship order, your personal Family Pack auto ship, your 3 month auto ship 3 bottles, your personally sponsored new Activist's \$598 2x package or your personal \$349 Upgrade from 1x to 2x package. You can use 1 voucher per invoice.

It will automatically be applied to your next auto ship at one voucher per 3 month auto ship 3 bottles or one voucher per Family Pack auto ship if you have a voucher(s) available at the time your auto ship is processed.

To use one voucher on a personally sponsored new \$598 2x Activist package, you must manually enter your voucher code in the optional field provided during the enrollment of the new Activist.

To use one voucher on your personal \$349 Upgrade from 1x to 2x package, you must manually enter your voucher code in the optional field provided during your upgrade purchase.

Note: Voucher codes are located in your back office under the My Team section in the left column and then click onto the Voucher Codes link. You receive ONE \$45 Voucher every time two of your customers make a purchase. You can accumulate as many vouchers as you like! A \$45 voucher applied to a \$79 bottle of product, for example, makes that bottle only \$34 plus shipping and handling! If you are an Activist, then you also earn a \$15 Fast Start Bonus each month for each of the 2 iHeRQles customers, therefore, you end up paying only \$4 for your personal monthly bottle of product plus shipping and handling!

An Activist's \$79.00 iHeRQles autoship + S&H = 50 BV in the tree, but no Fast Start payout. An Activist does not earn Fast Start Bonuses on a personally sponsored Activist's autoship product purchases.

Nu Xtrax is an Activist Acquisition Marketing company that uses a direct and dual team compensation plan to pay its Activists.

Step 1: Enroll as an Activist

Step 2: Get qualified with 40 BV

Step 3: Stay active with 40 BV/month

Activist- an independent representative who buys a 1x or 2x Product Package or acquires 6 Participants (customers) and is **actively** involved in our mission against the injustice of no choice in our contaminated food, water and air supply to change the health statistics in America.

Participant- is a customer. They are not in the dual team tree. They are connected to their sponsor by ID numbers for the sake of commissions, active and qualification requirements. They can upgrade to an Activist at any time by clicking onto the Activist Upgrade link in their back office. The sponsor can view their customers in their back office under the My Team section in the left column and then click My Participants.

Upline: Is the person who enrolled you into Nu Xtrax along with the people in the same line in the levels above you. The upline is the person who brought you into the business and his/her upline is also part of yours.

Downline: It refers to the network of members that the Activist or Participant has enrolled or that have joined the organization after his/her enrollment. The downline represents income for the Activist, as they receive a percentage of their sales.

BV – Business Volume derived from the sale of products.

PV- Personal Volume. The current month PV is the BV from your Personal Orders this month PLUS the BV from your Personally Sponsored Customers this month. PV is not necessarily volume that is in your dual team. PV is a qualification. Your personal customers' BV counts on

your weak team to calculate for your dual team commission. Your personal BV counts for your upline.

Autoship- an automatic monthly recurring wholesale order of \$65 + S&H. It automatically keeps you active and insures that you will never lose your position, accumulated business volume and commission checks, which cannot be recovered if lost.

Retail order- a retail order (not autoship) of \$85 + S&H.

Active means the Activist is purchasing 40 BV every 30 days (auto ship insures this is achieved) or has 2 personal active Participants purchasing product. If an Activist goes 75 days with no 40 BV or does not have 2 personal active Participants, then that Activist loses their position, all accumulated business volume and commission checks, which cannot be recovered if lost. The Participant must do 20 BV per month to remain active. Note: Setting up an auto ship order is not required in order to participate. It does though automatically keep you active and insures that you will never lose your position, accumulated business volume and commission checks, which cannot be recovered if lost. You may change or cancel your auto ship at any time without penalty, however, if you cancel your auto ship and set up the auto ship again in the future, the first order will be at retail (\$85), but all subsequent orders will then be at wholesale (\$65).

Qualified means the Activist is active and has 2 active Participants (customers) and has BV equivalent to the sale of a 1x or 2x product package on their left team and on their right team who are each also active.

Dual Team Compensation Plan- A dual team plan is a marketing compensation plan which allows Activists to have only two front-line Activists. If an Activist enrolls more than two Activists, the excess are placed at levels below the sponsoring Activist's front-line. This "spillover" is one of the most attractive features to new Activists since they need only BV equivalent to the sale of a 1x or 2x product package on their right and left teams to participate in the compensation plan. The distributors must "balance" their two downline teams to receive commissions. Balancing teams typically requires that the number of sales from one team constitute no more than a specified percentage of the Activist's total sales. A cycle is defined as a total of accumulated unpaid volume from both teams, where a minimum of 200 volume comes from one team, and a maximum of 300 volume comes from the other team.

District Activist- is active and acquires 2 personal active Participants and has BV equivalent to the sale of a 1x or 2x product package with a minimum of 1 active on each team. Extra Bonus: In addition to the multiple streams of income, a District Activist also receives a one-time \$100 bonus when the rank of District is achieved.

Regional Activist- is active and acquires 2 personal active Participants and has BV equivalent to the sale of a 1x or 2x product package with a minimum of 2 active on one team and 3 active on your other team.

National Activist- is active and acquires 2 personal active Participants and has BV equivalent to the sale of a 1x or 2x product package with 4 active on one team and 4 active on your other team.

Gold National Activist- is active and acquires 2 personal active Participants and BV equivalent to the sale of five 1x or 2x product package with each having 4 active on one team and 4 active on their other team with a minimum of 2 active on one team and 3 active on your other team.

Platinum National Activist- is active and acquires 2 personal active Participants and BV equivalent to the sale of ten 1x or 2x product package with each having 4 active on one team and 4 active on their other team with a minimum of 4 active on one team and 6 active on your other team.

Diamond Platinum- is active and acquires 2 personal active Participants and 1 personal Gold on one side of your team and 1 personal Gold on your other side and add 2 new personal Nationals embedded in your Platinum Rank with one on one side of your team and 1 on your other side.

Rank ID Embedding: You will want to achieve ranks as quickly as possible. As soon as you achieve your rank the rank bonus pay becomes ID embedded to you on any new lineages of Activists (representatives) who join on a date after you acquire your rank. This ID embedded rewards program enhances leadership support due to the fact that those ranking up in our program have an incentive to support activist ID embedded to them. For this reason leadership reaching National ranking has a more stable rewards payout with less influx in their rewards, and they can focus on building depth in their team with the activist ID embedded to them.

Remember... having your two Participants (customers) is essential to meeting your qualifier to acquire your ranks. Also, you must meet the same qualifiers for each center you have.

Activating and Qualifying Centers 2 and 3

If you purchased a 2x Product Package for \$598 with 220 BV, then you have 3 dual team centers that leverage you to triple your income potential on the same business volume. - \$1 paid to first upline qualified Platinum National Activist*

\$.50 paid to the first upline qualified Diamond Platinum Activist*

Example: If you are a qualified Diamond Platinum Activist and you acquire a Participant for \$65 + S&H, then you earn the \$10 + \$3 + \$2 + 1 + 1 + \$.50 = \$17.50.

Note: Participants (customers) cannot enroll an Activist, but they can enroll other Participants (customers).

- **Participant (customer) Value Product Package**- 5 bottles of product for \$299 + S&H = 100 BV. Retail Product Value of 5 bottles = \$425, so you receive a retail savings of \$126! Wholesale Product Value of 5 bottles = \$325, so you receive a wholesale savings of \$26! It cost you **ONLY \$59.80** per bottle when purchasing the Value Product Pack! Normal wholesale price per bottle is \$65.

Fast Start Bonuses paid in line of enrollment from purchases of the Value Product Packages for \$299 (100 BV):

\$50 paid to sponsor

\$30 paid to sponsor's sponsor

\$20 paid to first upline qualified Regional Activist*

\$10 paid to first upline qualified National Activist*

\$5 paid to the first upline qualified Gold National Activist*

\$5 paid to the first upline qualified Platinum National Activist*

\$1 paid to the first upline qualified Diamond Platinum Activist*

Example: If you are a qualified Diamond Platinum Activist and a Value Package is purchased by a personal Participant ID embedded to you, then you earn the \$50 + \$20 + \$10 + 5 + 5 + 1 = \$91

*Rank ID Embedding: You will want to achieve ranks as quickly as possible. As soon as you achieve your rank the rank bonus pay becomes ID embedded to you on any new lineages of Activists (representatives) who make a product purchase as an Activist on a date after you acquire your rank. This ID embedded rewards program enhances leadership support due to the fact that those ranking up in our program have an incentive to support activist ID embedded to them. For this reason leadership reaching National ranking has a more stable rewards payout with less fluctuation in their rewards, and they can focus on building depth in their team with the activist ID embedded to them.

An Activist or Participant can order up to 9 bottles of product on their auto ship during enrollment or modify their quantity from their back office under the Order Information section in the left column and then click onto Manager Auto-Order:

- ◆ 1 bottle is \$65 auto ship and \$11 S&H.
- ◆ 2-5 additional bottles are \$65 per bottle and \$16 S&H.
- ◆ 6-9 additional bottles are \$65 per bottle and \$22 S&H.

Shipping and handling prices for additional bottles:

Singles \$11, on 4 or 5 packs \$16, on 9 packs \$22. This includes both the shipping cost and the handling cost of the professional shipping facility.

On multiple item orders:

2 or 3 items it will be the Greatest S&H on the single item S&H on the order multiplied by 1.25. So \$11 items will be times 1.25 = \$13.75, \$16 items \$20, \$22 items \$27.50

4 or 5 items it will be the Greatest S&H on the single item S&H on the order multiplied by 1.5. So \$11 items will be times 1.5 = \$16.50, \$16 items \$24, \$22 items \$33

6 or 7 items it will be the Greatest S&H on the single item S&H on the order multiplied by 1.75. So \$11 items will be times 1.75 = \$19.25, \$16 items \$28, \$22 items \$38.50

8 or more items it will be the Greatest S&H on the single item S&H on the order multiplied by 2. So \$11 items will be times 2 = \$22.00, \$16 items \$32, \$22 items \$44

\$45 Vouchers

A \$45 Voucher can only be acquired three ways:

- 1.) A Participant (customer) position can only acquire \$45 vouchers for future orders based on acquiring 2 personally enrolled Participants (20 BV x 2 = 40 BV paid to upline tree) which earns a \$45 voucher credit every time they make a purchase and will be applied automatically towards the next auto ship. \$45 vouchers can be used 1 per bottle. That discounted auto ship = 10 BV and not the original 20 BV and no Fast Start Bonuses are earned by the upline. (Participants acquire no BV and earn no Fast Start Bonuses. They can only acquire \$45 Vouchers.) You can have as many Participants as you want to sponsor and receive \$45 vouchers accordingly. Example: If you have personally enrolled 100 paying Participants, then you will receive 50 vouchers each month.
- 2.) An Activist position can only acquire \$45 vouchers for future orders based on acquiring 2 personally enrolled Participants (20 BV x 2 = 40 BV paid to upline tree) which earns a \$45 voucher credit every time they make a purchase and will be automatically applied towards the next auto ship. \$45 vouchers can be used 1 per bottle. That discounted auto ship = 10 BV and not the original 40 BV. You can have as many Participants as you want to enroll and receive \$45 vouchers accordingly. Example: If you have personally enrolled 100 paying Participants, then you will receive 50 vouchers each month.
- 3.) An Activist can voluntarily use one \$45 Voucher towards their new Activist's \$598 2x product package purchase during enrollment. When that happens the discounted \$598 2x product package = 175 BV and not the original 220 BV. The Fast Start Bonuses paid upline remain the same as the full price \$598 2x product packages. An Activist can also voluntarily use one \$45 Voucher towards their Activist's \$349 Upgrade from 1x to 2x product package purchase. When that happens the discounted \$349 Upgrade from 1x to 2x product package = 50 BV and not the original 120 BV. The Fast Start Bonuses paid upline remain the same as the full price \$349 Upgrade from 1x to 2x product packages.

Note: \$45 Vouchers cannot be used towards the purchase on your new Activist's \$299 1x package, only with the \$598 2x product package or the \$349 Upgrade from 1x to 2x product package.

A \$45 Voucher is allowed to be used with 5 orders and here is the adjusted BV for each if the voucher is used:

- 1.) Personal auto ship order will be 10 BV.
- 2.) Your personally enrolled new Activist's \$598 2x product package will be 175 BV.
- 3.) Your personal Family Product Pack auto ship (Product ID: LGRX_FPAS) will be 50 BV.
- 4.) Your personal \$349 Upgrade from 1x to 2x product package (Product ID: LGRX_2X_UP) will be 50 BV.
- 5.) Your personal 3 month auto ship 3 bottles.

AVAILABLE VOUCHER CODES

These \$45 voucher codes can be used for your personal auto ship order, your personal Family Pack auto ship, your 3 month auto ship 3 bottles, your personally sponsored new Activist's \$598 2x package or your personal \$349 Upgrade from 1x to 2x package. You can use 1 voucher per invoice.

It will automatically be applied to your next auto ship at one voucher per 3 month auto ship 3 bottles or one voucher per Family Pack auto ship if you have a voucher(s) available at the time your auto ship is processed.

To use one voucher on a personally sponsored new \$598 2x Activist package, you must manually enter your voucher code in the optional field provided during the enrollment of the new Activist.

To use one voucher on your personal \$349 Upgrade from 1x to 2x package, you must manually enter your voucher code in the optional field provided during your upgrade purchase.

Note: Voucher codes are located in your back office under the My Team section in the left column and then click onto the Voucher Codes link. You receive ONE \$45 Voucher every time two of your customers make a purchase. You can accumulate as many vouchers as you like! A \$45 voucher applied to a \$69 bottle of product, for example, makes that bottle only \$24 plus shipping and handling! If you are an Activist, then you also earn a \$10 Fast Start Bonus each month for each of the 2 Liquid Gold Qx customers, therefore, you end up paying only \$4 for your personal monthly bottle of product plus shipping and handling!

An Activist's \$65.00 Liquid Gold Qx autoship + S&H = 40 BV in the tree, but no Fast Start payout. An Activist does not earn Fast Start Bonuses on a personally enrolled Activist's autoship orders.

Dual Team Cycle Compensation:

In the dual tree the placement feature will allow you to automatically designate which team (LEFT or RIGHT) of your binary organization to place all of your personal enrollments. By default (ALTERNATING option), placement of personal enrollments always goes to the outer team of your organization ALTERNATING from left to right (back and forth) with the FIRST placement being placed on your WEAK TEAM and then it alternates back and forth. In addition, you may elect to place all of your personal enrollments underneath a specific person in your organization while still remaining the sponsor. (Please go to the My Team section in your back office in the left column and click onto Update Placement to control these placement features.)
