Are you ready to feel better than you ever have?
Want more mental clarity? Do you want energy that is clear and calm and elevated? How about building muscle mass — does that appeal to you? Would you like to get rid of extra fat (but only if you need that) and exchange it for lean muscle ?

Would you like to nourish your cells so that your circulation and micro-circulation opens up and your blood gets cleaner and your immune system begins functioning at higher levels? How would you like to actually reverse your biological age by up to 20 or more years?

I have what you are looking for—what I was looking for—what we all have been needing!

The Feel Better product is called iXLR8 (pronounced I accelerate) from Nu Xtrax.
Take 1 to 2 capsules first thing in the morning of Day 1. Pay attention to how your body responds. Most people will feel a smooth elevated energy which is how you know your body is turning food into fuel. Then Day 2 and 3 ... take 2 capsules in the morning.

iXLR8 elevates your mood and gives you more energy and mental clarity by suppressing the stress hormone FAS (fatty acid synthase) which then helps your body "turn your food into fuel instead of fat" while creating an increase of oxygen in the vascular system and lean muscle mass.

iXLR8 is like the feeling of the first kiss before falling in love with **iHerQles which is the revolutionary Live Better Product.**

iHerQles is a high frequency wellness spray that is the culmination of 50 years of plant research by a huge science team (half of them quantum physicists) who were searching for the cause of aging and the natural reversal of age-related issues.

Spraying iHerQles under the tongue sends high powered molecular plant nutrients directly into the bloodstream. The body's response is to open up the vascular and micro-circulation systems, which is the delivery system of all nutrients to every cell in the body, and by-passing the digestive system.

It also stimulates production of your own stem cells and uplifts your immune system so that stem cells are called into action when your body needs to replace your aging, damaged, and diseased cells -- making this product truly regenerative and actually reversing biological age like absolutely nothing else can!

Labels with Ingredient Lists

iXLR8

iXLR8 (accelerates iHeRQles) and turns food into fuel, not Fat! It inhibits the enzyme that makes people fat. The enzyme is called Fatty Acid Synthase, or FAS. If FAS is active, the carbs, proteins and fats we consume will not be converted to energy. It will be converted to fat by FAS. No matter how clean your diet is or how much exercise you do, FAS steals the nourishment that is supposed to create energy and turns it into pure fat. FAS is caused by pollution in our environment, stress from daily living, low-grade infections and even physical trauma.

INGREDIENTS: iXLR8 Proprietary blend:

- Guarana Seed Extract (Paullinia cupana)
- Damiana Leaf Extract (Turnera diffusa)
- Green Tea (Camellia sinensis)
- Yerba Mate Leaf Extract (Ilex paraguariensis) 4:1
- Leaf Extract (Cellflo6)

- Resveratrol (Polygonum cuspidatum)

Other Ingredients: Gelatin, Microcrystalline cellulose, Magnesium stearate and Silicon dioxide,
3 DAY SAMPLE SUGGESTED USE:

As a dietary supplement, take 1 serving (2 capsules) daily, as needed on an empty stomach.

WARNING: Take only as directed. If you are pregnant, nursing, under 18, using any prescription or over-the-counter drugs), including blood thinners or have a medical condition, consult a physician before using this supplement.

Discontinue use if you experience unusual symptoms. Improper use of this product will not improve results and is not advised.

KEEP OUT OF REACH OF CHILDREN. Sealed for your protection. Do not use if seal is missing or broken. Best stored at controlled room temperature 20°C to 25°C (68°F to 77°F). Improper storage conditions, such as extended exposure to direct sunlight, high heat & humidity can cause product degradation over time. Weight management requires exercise and a healthy diet.
