

Life is in  
the blood

iHerQles

NuXtrax was created as a vehicle  
to get iHeRQles out to the people  
and create a movement of better health statistics  
by providing a nutritional gap support  
like our bodies have never received before.

We believe this product is greatly needed on the planet  
at this time ... and because of our love of humanity  
and our belief that God made us to be healthy ...  
everyone needs to know about this!

✦ More than 50 years in research and development  
by a huge research team  
(half of them quantum physicists)  
who have studied individual plant molecules  
(from 44 of the most powerful plants on the planet)  
and what they do for the human body  
based on in-depth bloodwork ✦  
from 100's of thousands of patients...  
for the purpose of finding the cause of aging  
and the solution for all age-related issues!

# iHeRQles Our Motivation

---

- ✦ Change Lives.
- ✦ Change Health Care.
- ✦ iHeRQles gives the blood what it needs to operate more efficiently!

✦ You are what you eat

✦ Life is in the blood

✦ Blood is built by the nutrition from food

✦ if you are what you eat

✦ then the quality of blood does  
matter

✦ because the blood carries the nutrition  
to every cell in the body

✦ Vitamins were created to provide what our foods were missing

✦ But our body (liver) does NOT understand and cannot fully use compounds which are not food.

The reason why this is so shocking ...  
is because the organs, vascular system, and  
blood understand food and do NOT  
understand vitamins, minerals, supplements  
etc. i.e. Remedy Driven Products that were  
made by men to make money.

---

All of these substances can be found  
from food in its organic state  
which the body CAN understand and utilize!

iHeRQles

✦ Our Ingredients are  
the top molecules of  
Organic foods

---

✦ Blood only  
recognizes  
food.

✦ The brain signals the immune system when it detects better blood from better food - then the immune system can grab the fast aging cells and replace them with our own self stem cells! ✦

---

✦ The body can not build blood with what it can't understand.

✦ When the immune system can see and remove  
the fast aging cells...

and they are replaced ✦  
by our own self stem cells,  
which are like baby cells  
with long telomeres...then...

REVERSAL OF BIOLOGICAL AGE HAPPENS

✦ A stem cell can become  
any type of cell!

---

✦ A heart cell

✦ A brain cell

✦ A blood cell

Any type of cell

This is regeneration as God intended it

---

iHeRQles is not what is regenerating your body,

iHeRQles is specific plant molecules supplying your blood with the highest frequency quantum nutrition that it has ever experienced -- supporting your body to function the way God intended and bringing it back into homeostasis where regeneration and healing take place!
