**note this is a daily driver, so mileage will continue to increase.*

Car is located in Uvalde, TX. Please text 830-261-0535 or email (jgerrish@sbcglobal.net) for details.

Rare Tornado red VR6 Corrado SLC with black leather interior in excellent condition. This car has always been garaged and very well cared for. It was single-family owned since new until I purchased it in September 2022.

Factory leather interior is in exceptional condition and the car will also come with an extra set of new 17 in. Momo wheels and tires. EVERYTHING WORKS, except driver's seat heater is on/off, and cruise control only works once the engine warms up. Includes hard-cover Bentley shop manual.

Engine/transmission stock, but many extras have been added during ownership: Neuspeed cold air intake; European seat belts, after-market “eyeball” headlights & driving lights; Momo steering wheel; Kenwood KVT915 DVD Audio 5-channel Surround Sound Stereo system with 11 speakers, GPS NAV, HD Radio capability, etc.

Recent service includes new battery, new brakes and rotors, complete refurb of air conditioning system including new compressor, accumulator/drier expansion valve and R134a refrigerant. Factory Speedline wheels and brand new Yokohama tires in August 2023.
