

Lab coat and scrub jacket uniform guidelines

Lab coats must be white.

Scrub jackets must be the same color as primary uniform.

We expect all members of the Geisinger family to dress professionally, as we all represent Geisinger. This sends a powerful message to our patients that we take pride in what we do — serve those in need of our care. Standard uniform colors help our patients identify who is tending to their needs.

- Logo, name and credentials are permitted on lab coats.
- Scrub jackets feature logo only.

For more information on uniforms and how to order them, review our [approved vendor list](#) below.

Scrub jackets must be the same color as primary uniform.

Throughout this set of guidelines, note that the Geisinger 65 Forward logo **replaces** the Geisinger logo (rather than accompanying it) for 65 Forward employee uniforms.
