

Lightspeed Restaurant is the **fast, flexible platform** that **simplifies your processes** and **connects your teams** so you can focus on what matters.

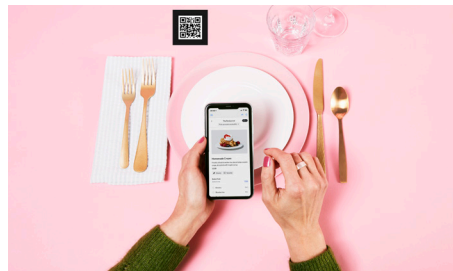

## Order Anywhere

Serve your guests wherever they are with flexible online ordering and payments that lets them place orders with just a few clicks. Anywhere. Any time. Any device. All within Lightspeed Restaurant.

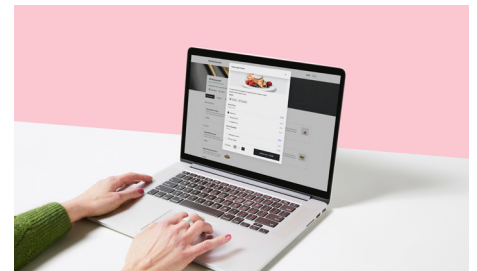

**Increase revenue streams by increasing your reach.**

**Serve more customers** by allowing them to order for pickup right from their phones and **create different menus** depending on the order types or time of day.

**Please your customers with flexible ordering and payments.**

Like the sound of **reduced wait times**? Create your own **branded webpages** for a contactless experience. Let customers order meals, drinks and desserts and split bills how they want, when they want.

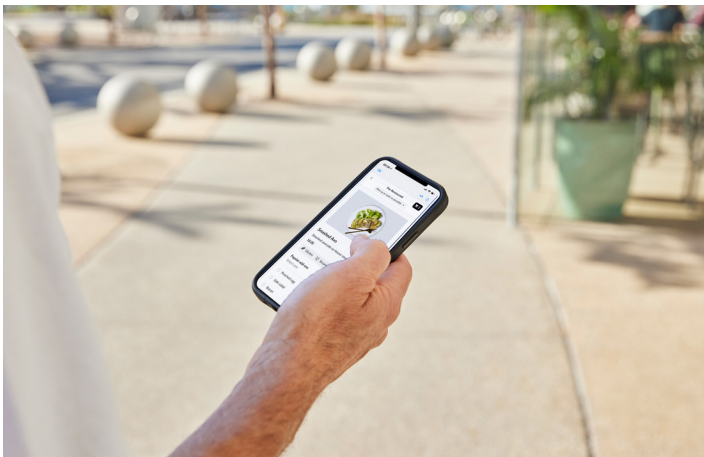

**Help reduce costs by increasing efficiency.**

Reduce the need for **additional hardware** and **labor costs** by allowing customers to order online. **Update orders in real-time**, view all of your orders on one screen and **plan your staffing and stock levels** based on data to **reduce your costs even more.**

## Keep performing at high levels, no matter what.

**Order Anywhere** helps you keep your customers happy and lets you keep serving even when you're short on staff. Increase your profits via additional ordering options and ordering workflows while reducing costs thanks to savings on staff, inventory, additional hardware and 3rd party fees.

- ✓ Setup is easy and it includes everything you need to get started such as your branded online presence, unique menus, opening hours and accepted payment methods
- ✓ QR codes at the table allow your dine-ins to order and pay from their own devices in their own time
- ✓ Real-time menus allow you to add and remove items when they're available
- ✓ Receive valuable feedback and collect reviews from your customers to help you improve the ordering experience and share on your review sites
- ✓ Automatically initiate a refund process to your customers if an order is canceled

“ **Lightspeed Order Anywhere** allows us to offer our customers an alternative to delivery services with a simplified, user-friendly system while avoiding third-party commission fees. ”

**Victor Odry**
