

Lightspeed Restaurant is the **fast, flexible platform** that **simplifies your processes** and **connects your teams** so you can focus on what matters.

Lightspeed Payments

Gain peace of mind and keep more money in your pocket with flexible and reliable payment processing. Lightspeed Payments keeps up with the speed of your restaurant—the perfect complement to Lightspeed Restaurant.

- ✓ **Keep more of what you make—don't get stung by hidden fees.**
Transparent and competitive processing rates mean you avoid hidden fees and aren't charged a cent for setup.
- ✓ **Spend less time logging in to multiple systems by consolidating all locations in one set of reports.**
Easily review end-of-day reports from all areas of operations and locations with data collected in your back office.
- ✓ **Close your end of day from one single screen.**
Save time at the end of every shift and close your day from one single screen, letting your staff focus on closing your restaurant.
- ✓ **Close tables faster with easy bill splitting and preauthorization.**
Speed up service and turn tables faster with easy bill splitting and automatic settlements after transactions. Collect tabs and preauthorize transactions at the bar to save your staff from the additional step of closing each individual sale.

Lightspeed Payments gets money in your pocket faster by processing payments right from your POS.

- ✓ **Flexible payment devices:** choose the device that works best for your workflows, or use QR code payments to settle transactions hardware free
- ✓ **Speed:** get paid faster
- ✓ **Condensed Reports:** get a clear breakdown of payment types built into your end-of-day reports
- ✓ **One support team:** need help?
