One Platform to Simplify Hospitality Security

The hospitality industry must ensure the safety and comfort of clientele, while protecting employees from harm and assets from theft. Verkada is designed with user experience at top–of–mind, integrating intelligent devices with an intuitive software platform to add security without complexity.

Elevate the guest experience

Simplify security management

Proactively respond to incidents

Key benefits

Monitor from anywhere

Find, save and share footage on–the–go. Plus, share live camera feeds with local authorities in seconds.

Secure restricted areas with ease

Pair access control with video security for instant visual verification and set door schedules around hours of operation.

Detect intrusions after–hours

Keep facilities secure with 24/7 professional monitoring and reduce false alarms with video–verified intrusion detection.

Enhance business operations

Use data–driven insights like Occupancy Trends to optimize staffing and evaluate the performance of promotional activities.

Respond to incidents in real–time

Receive alerts for meaningful events, including the presence of vehicles or people of interest.

Manage deliveries and inventory

Process deliveries faster with a simple mobile app. Pair with Verkada cameras to secure inventory and confirm pick–ups.
