

One Platform to Simplify Property Management

Protect tenants and properties, while reducing liability risk and cost of overhead. Verkada provides a modern suite of physical security devices that integrate seamlessly with an intuitive software platform to help increase security while simplifying management.

Accelerate incident response

Elevate tenant experience

Lower total cost of ownership

Key benefits

Monitor from anywhere

Find, save and share footage on-the-go. Plus, share live camera feeds with local authorities in seconds.

Deter smoking and vaping

Monitor air quality, noise levels, smoke and vape emissions to enhance environmental quality, health and safety.

Control access with ease

Enable mobile credentials and SCIM integrations, along with door schedules and group-level access to specific areas.

Personalize guest check-in

Create sign-in flows for all types of visitors. Centrally manage guest logs, review video footage and remotely unlock doors.

Respond to incidents in real-time

Receive SMS and email alerts for meaningful events, while reducing false alarms with video-verified intrusion detection.

Centralize building operations

Maximize efficiency with a single platform to manage air quality, security, visitors package delivery and more.
