

Loose Lay Series

Ultra Fit

S T A N T O N

Elevated by design.

Ultra Fit. Ultra Easy.

Ultra Fit from the Loose Lay Series pairs warm, wood-inspired style with performance designed for everyday living. Detailed print layers, natural tonal variation, and a soft, welcoming grain create a relaxed foundation that flows easily from room to room.

Fiberglass and vinyl base layers provide stability and help minimize expansion, while a durable wear layer and enhanced finish resist scratches and daily wear. The loose lay construction offers comfort, convenience, and a beautifully lived-in look that feels both practical and inviting.

100% Waterproof

- Ideal for bathrooms, kitchens, and basements where moisture is a concern.

Durable

- Superior protection against scratches, stains, and everyday wear and tear.

Quick Installation

- Can be installed over existing floors.
- 5mm thickness transitions easily to carpet tile.

Ultra-Grip Backing

- Holds the floor in place through friction and weight
- Provides extra cushion
- Naturally reduces noise transmission between floors due to its dense construction
