**DISCLAIMER**

An accrediting organization is a "watchman on the wall." Webster defines accreditation as to give trust or confidence to; to vouch for; to recommend; to furnish with credentials, as an envoy or ambassador. Every accreditation group is not the same. They are different and focused in different areas of accreditation.

Southern Accrediting Association of Bible Colleges and Seminaries, Inc. is a national accrediting commission, which holds as its primary objective the encouragement and maintenance of sound scholarship and the highest academic achievement in the areas of private education. Quality education is the goal always. Its purpose is the preparation of quality education in theological seminaries. It is a non-governmental body and makes no claim to relate to the government. Southern Accrediting Association of Bible Colleges and Seminaries is primarily a private school association unrelated to government or state accreditation.

A degree covers the major taken with that degree. A student or potential student must understand that credits taken in a Bible College may or may not transfer to another type of program or college. This is the sole determination of the receiving institution.

The job market is highly competitive. Training is specialized in most fields. A graduate in one field may have difficulty in being hired in a field they are not certified for.

By signing a copy of this form, I am signing that I understand the type of degree for which I have applied and either S. A. A. or True Standard Christian Bible College of Greenville, North Carolina, or its Affiliates are not responsible for my employment goals.

I understand that True Standard Christian Bible College of Winterville, North Carolina, and all its Affiliates are primarily a religious school and credits are not guaranteed to be accepted by secular, city, county, or state-run program.
