

# Accessories

## Application

Clamps are used for attaching ground wire to rod. Threaded Couplings are used to combine two or more sectional ground rods. Drive Studs are used in conjunction with threaded couplings while driving sectional ground rods.

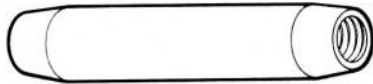

## Product Data

### Ground Rod Clamps

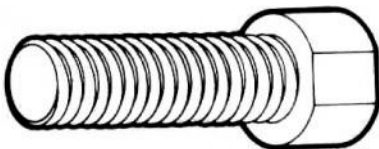

Description	Weight (lbs.) per 100 Pcs.
1/2" Clamp	12
5/8" Clamp	13
3/4" Clamp	15

### Ground Rod Threaded Couplings

Description	Weight (lbs.) per 100 Pcs.
1/2" Coupling	16
5/8" Coupling	25
3/4" Coupling	38
1" Coupling	40

### Ground Rod Drive Studs

Description	Weight (lbs.) per 100 Pcs.
1/2" Drive Stud	12
5/8" Drive Stud	23
3/4" Drive Stud	35
