

# Race 271

SGRASSANTE INDUSTRIALE

## TECHNICAL DATA SHEET

### GENERAL SPECIFICATION

**RACE 271** is a cleaning degreaser/detergent/  
**RACE 271** a water based antibacterial  
**RACE 271** over 90% biodegradable  
**RACE 271** is a highly effective degreaser against  
on all types of:  
- moist grease of any nature ( mineral, animal,  
vegetal ),- glue - combustion residues.  
**RACE 271** Formula does NOT contain any solvents  
nor any acids.  
**RACE 271** is odourless  
**RACE 271** does not emit fume in the ambient or  
evaporate any toxic cloud  
**RACE 271** contains antibacterial (hygenic) agents  
and follows and respects the international HACCP  
rules of cleaning. In few seconds most aggressive  
bacteria are cancelled.  
**RACE 271 IS NOT INFLAMMABLE**  
**RACE 271** complies to the the security  
international regulations for ambient and workers  
health

### USES

The product is READY FOR USE.  
APPLICATIONS and USE of **RACE 271** :.

It mantains, degreases, and cleans :

- ALL Industrial plants and machinery  
It does not harm any oven painted surface.;
- Bear , Gears, Engines, Navy bilges
- Metallic and fiberglass surface or containers,
- All types of industrial flooring and Navy decks
- Metallic and plasticized surfaces;
- Stone, marble, cement, ceramic and asphalt
- Mechanical parts, truck covers, loaders, heavy  
machinery, diggers, etc.;

Perfect for oil drilling plants and mining machinery

### PACKAGING

**RACE 271** is available in:

- ■ 1000 litres
- ■ 200 litres
- ■ 20 litres

### STORAGE /HANDLING

**RACE 271** is NOT INFLAMMABLE .

**RACE 271** does not emit any toxic fumes

For more information please refer to the relevant  
Material Safety Data Sheet following the product.

### CONTRA INDICATION

**RACE 271** should not be used for cleaning glass and  
wood

**RACE 271** should not be left in contact with  
polycarbonates for a long time. (immersion after 6  
months breaks the molecules of plastic)

An excessive use of the product may result in stains on  
the surfaces that need simply more rinsing with fresh  
water.

### USE INSTRUCTION

**RACE 271** is ready for use, however see for the  
dilution guide for any particular purposes.

**RACE 271** to act 1 to max 4 minutes before rinsing  
with freshwater

**RACE 271** is used:

By Spray/atomised for ex. for maintenance of vertical  
walls; :.

By Immersion . Immersion time is lower if RACE 271  
is mixed with hot water

By professional cleaning washing machines

For particular stubborn dirt hydro-cleaner-machines  
are welcome

RINSE ALWAYS WITH FRESH WATER THE THREATENED  
PARTS

### CHEMICAL MATTERS

Appearance	Liquid
Color	Opal white
Odour	No scent
Specific Gravity @ 20°C,	1,030 Kg./litre
Refraction Index @ 20°C, %BRIX	9,90±10,70
Refraction Index N <sub>D</sub> @ 20°C	1,348 ± 0,001
pH @ 20°C	11 ± 0,40
Phosphate, % w	2,5 ± 0,030
