new authors

Prepare Your Submission

Gather your figures in the form of simple sketches, raw graphs, or written descriptions. Write a detailed explanation of your goals and what you want to achieve with the illustrations in a PDF file.

Submit Your Materials

Send the figures and the detailed PDF description to our team.

Initial Review

Our team will review the submitted materials to understand your requirements and objectives.

First Draft Creation

We will create the first draft of the figure based on your submission and goals.

Feedback and Revisions

You will receive the first draft for review.

Provide feedback and request any necessary corrections or adjustments.

Finalisation

We will make the requested corrections and adjustments to the figure.

Once you approve the final version, we will sign off on the project.

Delivery

The finalised figure will be delivered to you in the required format.
