PLUG & FIRE

The Plug & Fire is as easy as the name suggests, just plug it in, to begin firing your small pots, jewellery, or test tiles. It arrives with everything you need (controller & furniture), you just plug it into a normal power-point and start firing. Made in the USA by our partners at L&L Kilns.

KEY FEATURES

- This kiln can fire to Cone 10 on a standard power point
- Extra-insulated sides with 6cm K23 bricks and 2.5cm of backup insulation; Top & Bottom are 7.5cm K23 bricks
- Kiln plugs into a separate control panel with power and thermocouple wire jack
- Door safety switch shuts off power to the elements when the door is opened
- Hard ceramic element channels
- Arrives in 2 boxes with clear assembly instructions

The GENESIS 2.0 Mini Touchscreen controller includes a touchscreen interface and WIFI connectivity. The intuitive interface is easy to use and understand. A free phone app allows you to monitor your kiln remotely.

FIRED UP 13

Compact, reliable, and beautifully designed, the Fired Up 13 is the perfect small kiln.

Measuring just 52cm x 60cm x 67cm externally and weighing 60kg, the Fired Up 13 is easy to position in your workspace. Its 10 Amp draw means it runs on a standard household power point, no special wiring required.

Handcrafted for Fired Up Kilns by our expert partners in Jiangxi Province—China’s legendary porcelain-making region with over a thousand years of ceramic heritage—this kiln brings tradition and modern performance together.

KEY FEATURES

- This kiln can fire to Cone 10 on a standard power point
- Lockable wheels for easy movement and storage
- Optional 3 OBSiC shelves & 9 OBSiC props can be added
- Door safety switch shuts off power to the elements when the door is opened

	Litres (approx)	Power	Internal Dimensions mm	Supply	Price
Fired Up 13	13	2.2kw	Depth 270 Width 250	10 Amps Single Phase Standard Power Point	\$2,490

TOP LOADING KILNS CRAFT RANGE

AFFORDABLE
DURABLE & RELIABLE

Introducing the Craft Kiln Range, a superior product with over 40 years of proven excellence in the market. Originating from the Netherlands, these meticulously crafted kilns have become synonymous with quality and reliability. Every Craft Kiln in our range is hand-built, ensuring the highest level of precision and attention to detail.

KEY FEATURES

- Casing made of high-quality stainless steel
- 25mm backup insulation blanket for optimal power saving
- Additional insulation plates in bottom and lid (only in the Craft *Smart 60*)
- Elements made of sustainable and durable kanthal wire
- Safe and solid connection to your controller
- Unique sturdy frame with dual heights (10cm higher or lower)
- Fitted with castors for easy movement
- S Thermocouple
- 1320°C max temp (1300°C Craft *Smart 60*)
- Comes with the Stafford ST215C Universal Controller with up to 32 programs, each with up to 32 ramp/soak segments

NABERTHERM RANGE

MADE IN
GERMANY

Handcrafted in Germany, Nabertherm kilns deliver exceptional performance for hobbyists, workshops, and professionals. Designed for ceramic firing with temperatures up to 1300°C, they cover all firing processes from bisque to glaze. With intuitive digital controls and user-friendly operation, these kilns are perfect for every skill level.

KEY FEATURES

- **Advanced Insulation:** Three-layer insulation with light refractory bricks and energy-saving backing insulation.
- **Premium Heating Elements:** Designed with optimum wire gauge and length for extended lifespan.
- **Precise Temperature Control:** Rapid switching cycles ensure consistent and accurate firing results.
- **Sleek Design & Lightweight Build:** Attractive, practical, and easy to handle.

BUILT IN THE
HOME OF POTTERY
**STOKE ON
TRENT**
IN THE UK

Manufactured in the UK, our PotteryCrafts toploaders range from 30 to 450 litres, come standard with Type R Thermocouples and are rated to 1300c. These kilns provide the durability and performance needed for a wide range of pottery techniques, ensuring consistent and reliable results every time.

KEY FEATURES

- CERA-10 controller: Advanced software for efficiency, ease of use, and safety
- Stainless steel jacket with adjustable clamps for durability
- Kanthal A1 Elements
- 101mm total insulation in side walls
- 88.5mm thick kiln lid
- Lid hinge design reduces risk of cracking during firing
- 108mm Ultralite granular insulation in the kiln floor

FRONT LOADING FIRED UP 50

After years of searching for the ideal compact front-loading bench kiln, we decided to build our own.

The Fired Up 50 combines the quality of our Industry range with a space-saving design, perfect for studios and benches. Its sturdy construction, high-quality materials, and safety features make it a long-term investment for any workspace.

A powerful, reliable, and compact kiln—designed for serious makers with limited space.

**CONTACT US FOR MORE
INFORMATION OR TO PRE-ORDER**

KEY FEATURES

- 50L Firing Capacity – Great for small batches, test firings, and detailed work
- Maximum Temperature: 1300°C
- Even Heat Distribution – Kanthal A1 or Resistohm 145 elements in side-wall grooves
- Robust Build – Galvanised steel frame with marine-grade sheet metal lining
- High-Quality Insulation – Low thermal mass bricks with high-grade board backing
- Enhanced Safety – Dual contactors included to reduce the risk of over-firing
- User-Friendly Control – Includes the reliable Stafford ST315C controller

	Litres (approx)	Power	Internal Dimensions mm	Supply	Price
Fired Up 50	50	3.9kw	Height 340 Width 380 Depth 380	20 Amps Single Phase	\$6,890

FRONT LOADING POTTERYCRAFTS RANGE

Proudly manufactured in Stoke on Trent, our Pottery crafts Front Loading Kilns are available in sizes ranging from 68 to 210 litres, making them ideal for both hobbyists and professional ceramists. Whether for intricate projects or larger batches, Pottery crafts kilns provide the quality and performance you need.

KEY FEATURES

- CERA-10 controller: Advanced software for efficiency, ease of use, and safety
- Low thermal mass insulation bricks and high-grade backup insulation boards
- High quality pressed steel powder coated frame
- Kanthal A1 spiral wound elements
- Captive key interlocks
- Brick to door seal

ELEMENT PINS \$16.00
Pack of 20

THERMOCOUPLES

K-TYPE \$48.00

K-type thermocouple unsheathed.
The standard size is 200mm, however we can shorten on request.

R-TYPE from \$240.00

Available in different lengths.
Rated to 1400c.

S-TYPE from \$260.00

Fits all of our current CRAFT Range of kilns. Standard size is 125mm.

COMPENSATING CABLE

K-TYPE \$6.00 per metre

Suitable for K-Type Thermocouples

COMPENSATING CABLE

R-TYPE \$6.00 per metre

Suitable for R-Type Thermocouples

COWLEY POTTERS WHEEL

Whether you're a beginner or a pro, we've got the perfect pottery wheel for you!

Cowley Double Drive Potters Wheel

Made in New Zealand, the versatile Cowley Double Drive Wheel has a sturdy 280mm aluminium wheel head, adjustable speed, and a 20kg weight capacity. Its double-drive system delivers torque for large pots. Its compact and lightweight design makes it perfect for demonstrations and easy storage.

FIRED UP PW-DC WHEELS

FIRED UP PW-DC TABLE-TOP

Perfect for beginners and small spaces, featuring a 1/3 HP motor, 300mm wheel head, removable splash pan, 300RPM bi-directional rotation, and foot pedal speed control.

FIRED UP PW-DC ADJUSTABLE LEGS

Features adjustable legs (461-661mm), a powerful 3/4 HP motor that handles 45kg of clay, and a quiet, vibration-free design. It includes a 355mm wheel head, removable splash pan, and 300RPM bi-directional rotation.

FIRED UP PW-DC

This pottery wheel has a 3/4 HP motor with great torque, handles 45kg of clay, runs quietly, and features a 355mm wheel head, removable splash pan, and 300RPM bi-directional rotation.

PW-DC SPLASH PAN CLIPS \$18.00
(Set of 2)

PW-DC BAT PINS \$12.50
(Set of 2)

SHIMPO POTTERY WHEELS

\$1,290

FIRED UP PW-DC POTTERY WHEEL

Portable and lightweight, with a 10kg centering capacity. It features an electronic speed controller, a built-in tool area, a leak-proof splash pan, two bats, and a detachable foot pedal. Operating with a 1/8 HP DC motor, it accommodates both left and right-handed users.

\$1,749

SHIMPO RK-55 POTTERY WHEEL

Lightweight and portable, the Shimpo RK-55 is perfect for beginners and classrooms. It features a belt-driven design, remote foot pedal, two-piece splash pan, and built-in worktable. With a smooth, quiet motor, automatic belt tension, and a stable three-leg design, it offers reliable performance with a 10kg centering capacity.

\$2,390

SHIMPO WHISPER RK-3T

Powerful and responsive, with high torque at all speeds, operates quietly at 30 decibels, can be used as a tabletop, and features adjustable telescopic legs with three settings for all throwing positions.

\$2,890

SHIMPO WHISPER RK-3E/VL

Features a powerful brushless Direct Drive motor for high torque, adjustable legs for stability, an electronic speed controller, a two-piece splash pan, a built-in worktable, and a detachable foot pedal, accommodating a 45kg centering capacity.

FIRING SERVICE

Our firing service offers artists an easy, cost-effective way to fire ceramics without a personal kiln.

To keep costs low and service fast, please:

- Complete the Firing Services form
- Bases of glazed ware must be cleaned
- Ware must be bone dry & contain only clay
- Clays like BRT & glaze tests must be on a setter
- All ware to be marked with your makers ID
- Lids are fired on pots, unless we are told otherwise
- Discuss with us odd shaped or extra-large pieces
- Talk to us about any deadlines
- Ware related kiln/shelf damaged may incur a repair fee
- We cannot store your boxes or packing equipment

Drop-off & Pickup:

20 Helen Street, Heidelberg West, VIC

Interested in booking an entire kiln?

Call us to discuss on **03 7013 9025**

1000mm x 1540mm

\$1,690

FREE STANDING SLAB ROLLER

Rolls up to 52cm wide and from 70mm thick. Includes rolling canvas.

PUG MILLS

PETER PUGGER PUG MILLS

A Reliable and Efficient Choice for Clay Preparation
Peter Pugger Pugmills are ideal for mixing, de-airing, and reclaiming clay. Designed for hobbyists and professionals alike, they offer consistent results and come in a range of sizes to suit any studio.

FIRED UP PUG MILL TC90

Introducing the Fired Up Pug Mill TC90s, an affordable and efficient solution for clay preparation. With a 200–400kg/hr pugging rate, it wedges and de-airs clay for consistent results. Compact, sturdy, and runs on standard power with a 1.5–2.2kW motor and 0.55kW vacuum pump.

\$495.00

PUG MILL PLATFORM

A handy receiving platform for clay from your pug mill.

BALL MILLS

FIRED UP BALL MILLS - SINGLE & DOUBLE (5L)

An affordable solution for grinding materials into fine particles.

Our Fired Up Ball Mills are designed to effectively break down materials like clay or glaze components into fine powders. Simply place the materials into the rotating jar along with porcelain balls. As the jar rotates, the porcelain balls pulverize the materials, resulting in a fine, uniform powder. Ball mills are versatile; they can refine a single material or be used to mix multiple materials while pulverizing them, offering an efficient and reliable milling process.

**DOUBLE
\$1295**
