

# COUNTERFEIT DRIVER LICENSE RECOGNITION

## ADVANCED COURSE at

### Essex County College Public Safety Academy

This comprehensive, one-day “hands-on” **advanced** course is designed to assist law enforcement officers with the growing trend in the use of fraudulent driver licenses. In 2016 the US Dept of Homeland Security identified 16 different U.S. driver licenses produced overseas that are considered **HIGH QUALITY COUNTERFEITS**. This course will focus in on those 16 states. These authentic-looking “modern day” credentials that are available online have compromised nearly every security feature on their ID’s making them virtually “**undetected**” and **more sophisticated than “ID Chief”** counterfeits of a few years ago. This course will instruct law enforcement officers the proper ID protocol to **detect/identify these fraudulent ID’s from all 16 states**. Officers will be able to handle genuine and counterfeit ID’s side by side for comparison. Instruction will include methods to **detect counterfeit driver licenses from all 50 states** as well as **International Driving Permits, and Mexican ID’S**. Special instruction includes how to **detect the latest intel in altered driver licenses**. Instruction will include appropriate 2C statutes.

**INSTRUCTOR: JOSEPH VASIL**, retired as Coordinator from NJ MVC Fraudulent Document Training Unit after 35 years of service as a nationally recognized expert in document fraud.
