This comprehensive, one-day “hands-on” **advanced** course is designed to assist law enforcement officers with the growing trend in the use of fraudulent identity documents. These authentic-looking “modern day” credentials that are available online have compromised nearly every security feature on their ID’s making them virtually “**undetected**” This course will instruct law enforcement officers the proper ID protocol to detect/identify these fraudulent ID’s **within seconds**. Officers will be able to handle genuine and counterfeit ID’s side by side for comparison. Instruction will include methods to **detect counterfeit driver licenses from all 50 states along with social security cards, newly issued green cards, next generation Passports (US & Foreign) as well as International Driving Permits, Canadian and Mexican documents.** Special instruction includes how to **detect altered documents (titles)**. Instruction will include appropriate 2C statutes.
