

Key Benefits

DrainPro EX-1X, and DrainPro EX-10X, contain a multi-strain Bacillus blend with amylase and protease enzymes to break down the organic material such as; fats, oils, grease, starches, proteins and other substrates that can accumulate in drains, grease traps, septic tanks, and lift stations. These products work quickly to degrade the organic material while helping eliminate odors and leaving the drains and traps smelling fresh.

IMPROVES OPERATIONS

- Harmless to plumbing
- Keeps drain lines flowing at full capacity
- Reduces grease overflow
- Reduces odors

DECREASES COSTS

- Extends the time between grease trap clean out
- Reduces the need for septic tank pumping

Key Features

- Contains amylase and protease enzymes for added effectiveness
- All natural, non-toxic, and non-GMO
- Works in a wide range of conditions
- Digests fat, oils, and grease (FOG)
- Stable for up to two years, if stored properly

Applications

- Drains
- Grease Traps
- Odor Control
- Septic Tanks
- Lift Stations

Concentration Options

DrainPro EX-1X is applicable for most situations. DrainPro EX-10X is a concentrated solution.

PRODUCT SPECIFICATIONS:

APPLICATION GUIDELINES:

(for DrainPro 1X)

GREASE TRAP CAPACITY (GALLONS)	DOSAGE: DAILY	USAGE (GALLONS PER MONTH)
< 100 gal.	10 oz.	2.34 gal.
100-250 gal.	20 oz.	4.69 gal.
250-500 gal.	40 oz.	9.38 gal.
500-750 gal.	60 oz.	14.06 gal.
750-1,000 gal.	80 oz.	18.75 gal.

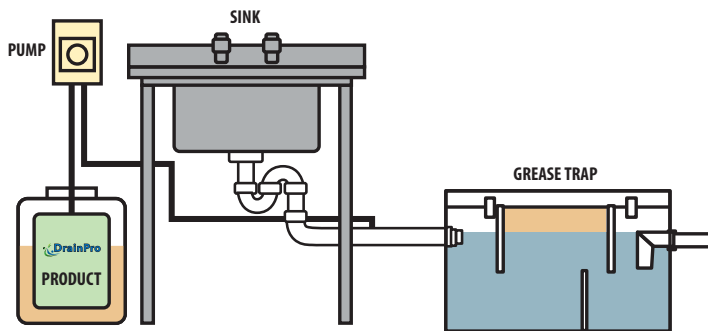

FLOOR DRAINS:

Drains should be treated during low flow periods. Dosage can vary pending on the load, drain diameter and length. Use 2-6 oz. once per week during low flow periods. Direct the highest dosage for drains that receive the highest amount of organic load

SEPTIC TANKS:

Initial Dose: Use two (2) quarts per 500 gallon septic tank size of DrainPro EX for the initial application.

Monthly Dose: Use one (1) quart per 500 gallon septic tank size of DrainPro EX on a monthly basis.

Storage & Handling

Dry and Cool (36-77°F/2-25°C)

- Note: Keep container closed tightly when not in use.
- Shelf Life: Two years when stored as recommended.

Active Ingredients

- Bacillus

Physical Properties

- Color: Tan
- Form: Liquid
- Fragrance: Odorless

Effective pH Range

- 4.0-9.5

Concentration

- 700 million CFU/mL (DrainPro EX-10X)
- 70 million CFU/mL (DrainPro EX-1X)

Packaging

- 5 gallon pail
- 55 gallon poly barrel

Safety Information

Caution: Keep out of reach of children. Refer to Safety Data Sheet (SDS) for precautions.
