YOUR DONATION WILL MAKE A DIFFERENCE

Heavy Metal Summer Experience seeks to introduce young people to a variety of high-paying careers in the building trades. The summer camps give students exposure to all aspects of construction through hands-on projects and learning from some of the best craftspeople in the industry.

For every \$2,000 raised, we can show one student how a career in the trades can change their lives. With your help we can open new doors in an industry that has given us so much.
