## **OUR VISION**

- Recognizing the brain and body may need immediate attention following acute and prolonged trauma to return to a healthy lifestyle.

## **OUR MISSION**

Closing the financial gaps in behavioral health and brain health services for our fellow first responders.

## **OUR VALUES**

- To support our first responders.
- To provide funding for excellent and innovative behavioral health support programs.
- To collaborate with others to continually improve our support opportunities.
- To be accountable to all our generous donors.
