My name is Claire and I am a Paramedic at UC Health. This is my 20th year in EMS and I have worked for PVH/UCH for the entirety of my career. I have had many PRN jobs including Weld County Paramedics, Estes Park EMS, been a EMS Coordinator for a security company and taught for Front Range Community College for their EMT class. I became a Paramedic in 2020 after 17 years as an EMT. I currently am on our TEMS teams well and work with FCPD and LCSO. I get to do some amazing things while taking care of our LEO. Along with that, I also get to participate in a lot SAR/Dive Team and Wildland missions. I absolutely love it.

I was on the original Peer Support Team for UCH EMS and have attended 3 separate academies. One with the Mayflower group, one with Nicoletti group and one with ERTC. I loved learning about how to help my peers and to be able to get my friends and co-workers to where they would have the best success. I have since stepped down from the team to follow my dream of being a TEMS medic but love to help when people still come to me.

I have owned 2 businesses as well. A big game hunting outfit out of Durango and a flyfishing business primarily on the North Platte in WY. I am married with 2 great dogs, living in south Fort Collins and enjoy dirt biking, fly fishing, paddle boarding, reading, patio sitting, camping, traveling and pretty much anything in the sunshine.

I was approached by Spencer Rice to apply for a board member position. I had to utilize mental health help through ERTC when having a very difficult time and continue to attend therapies and utilize different kind of therapies. I believe through my own journey and continual self-work as well as my background in mental health, I would be a good candidate for the board.
