

LANDSCAPE REPORT (prepared by Monica Alponete 7-21-2024)
STORM DAMAGE: 4 trees removed 7-21-2024 (storm damage 7-14-2024)

1. Mesquite 10 ft (Camino de Oeste)
BEFORE (roots ripped out of ground by strong winds)

AFTER removal, tree and all roots removed:

2. Mesquite 20 ft (Camino de Oeste)

BEFORE (roots ripped out of ground by strong winds, tree leaning ready to fall)

AFTER removal of tree and roots

3. Mesquite 15 ft tree (Doria entrance, NORTHSIDE)

BEFORE (tree completely uprooted from strong storm winds, laying on ground)

AFTER (tree and roots removed)

4. Mesquite 25 ft, (Doria entrance SOUTHSIDE) 2-trunked tree split in half, blocking riverbed

BEFORE

AFTER (right side trunk and roots removed), riverbed cleared of all debris

NOTE: kept trunk base and roots so as not to destabilize remaining part of tree being somewhat still supported by old trunk and roots.
