

Tree Trimming (performed by tree service), common area Doria entrance wash 7-31-2024
(report prepared by Monica Alponte)

BEFORE: Palo Verde DORIA ENTRANCE BY WASH: SOUTH SIDE

AFTER: Palo Verde after trim

BEFORE: Branches hauled away from Palo Verde:

AFTER: Cleaned up and hauled away:

DORIA ENTRANCE—North side: **Native Mesquite tree** (donated by homeowner) planted with irrigation to replace Native Mesquite destroyed by the storm last week.

DORIA ENTRANCE—South side: Volunteer **African Sumac tree** trimmed and suckers removed

BEFORE: Entire right side of large shrub broken off in storm
Common area on Doria by Joanna

AFTER: cut tall side down to match shorter side as one hedge.
(to be shaped and leveled by landscapers in coming weeks)

Removed large 30 ft Acacia Cat Claw tree in 10 feet common below: area behind home on Doria wash. Tree broke off into Lot 37 backyard. **PAID FOR BY HOMEOWNER**

Enormous size seen by comparison to worker and 12 foot ladder

BEFORE:

BEFORE:

AFTER: removed huge branches, and cleared from backyard and trimmed
