CHAPLAIN'S PRAYER

JANUARY 2025

Lolita Moses, Chaplain, Virginia Conference

God's word is powerful, and even just reading it builds faith (Romans 10: 17), but real confidence comes from applying it. Put your confidence in the Word of God. Know that he will do as He has promised.

Walk in divine peace knowing God is watchful, and only God will be able to sustain us and give peace in the midst of this troubled world. We need to persevere even though it is not easy. A little faith goes a long way. Allow God's World to come true in your life. God wants us to succeed and win, and He wants to bless us.

If we listen to God and do what He says, Victories, confidence and blessings will come! Today pray with the confidence that God will hear your words.

AMEN
