CHAPLAIN'S PRAYER

SEPTEMBER 2025

Bro. Kenneth Woods, SEDLO Chaplain

We ask God for harmony, healing and an end to conflict. We urge leaders to act with wisdom and all people to be instruments of peace.

Dear God this world is in need of peace, healing and love. This nation is in turmoil; people are hurting and hearts are divided. God please bring hope where there is despair. Bring unity where there is division, and healing where is pain.

Guide and give wisdom to Congress and the Executive Branch in Washington. Protect the vulnerable and stir compassion in all of us. Help us to be a light in dark places. We pray your love will cover the world and turn hearts back to you.

Praise be to the Lord who created us, and let us love the way you love us.

In Jesus name we pray

Amen
