Prayer for December 2024

God of hope, thank you that in your great mercy you have given a new birth into a living hope.

Thank you for the peace your son Jesus promised, not as the world gives, but willing, deep, lasting and abiding peace. Heavenly Father, let all who take refuge in you be glad and sing for Joy. Please fill me with the joy that only you can give.

Teach us to always pray with hope, peace, and joy.

Loving God you, demonstrated your love for us with your goodness and kindness. Teach us to love you with all our heart, soul, mind and strength. Teach us to love our neighbor as we love ourselves.

Help us to remember the birth of Jesus and share in the songs of the angels, and the gladness of the shepherds, and the worship of the wise men. God is hope, peace, joy and love.

Amen
