MARIE-CLO

# Bio graphy

A true creative chameleon and seasoned traveler, Marie-Clo is a born performer who ropes her audiences into a feverish pitch in both official languages; thanks to "hooked on phonics". Singer-songwriter and dancer, her eclectic indie pop tackles current themes & conscious lyrics, but also conjures a colourful and enchanted world.

Marie-Clo began her artistic career on stages worldwide performing in musicals, but honed in soon thereafter on her true passion project, music. She is currently promoting her full-length English album entitled Shell(e), which combines her 3 EPs Shell(e) Pt I-II-III and one new single. A conceptual feminist narrative, Shell(e) was produced by Polaris shortlisted drummer/producer Olivier Fairfield (Fet Nat, Timber Timbre, Leif Vollebek), with the support of the Ontario Arts Council, the Canada Council for the Arts and FACTOR.

IN 2017...

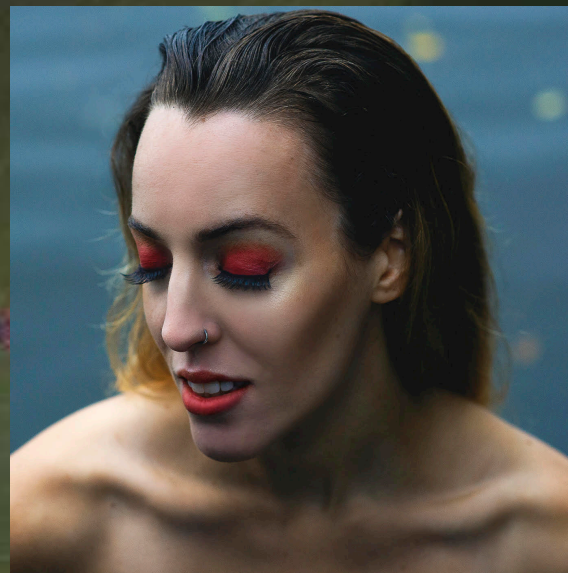

... Marie-Clo won TFO's pan-Canadian tv search for francophone artists Planète BRBR and was given carte blanche to participate at the Granby International Song Festival 2018, as well as at the Petite- Vallée Song Festival 2018. Following these, Aero chocolates bought her song "Sablier" for a 52-week run national commercial in which she stars.

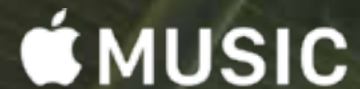

She has been featured on numerous radio stations across the world with her english and french songs (Sirius xm, Stingray, CBC/ Radio-Canada), on International blogs, and was added to various editorial playlists on Spotify/Amazon; namely Montreal Chill for which she was the cover photo artist and the #1 song. Her single "Lève tes voiles" is currently on Sirius XM Franco's top 10 billboard. Radio-Canada named her Ontario's number one artist to discover as part of a 13-artist list, Canada wide. Her single Red Flag topped Radio-Canada's national charts (#2) & Sirius XM' (#4) top 10 charts for many consecutive months & was featured as a Sirius XM exclusive single. She recently had the pleasure of playing Ottawa's Bluesfest, Philadelphia Folk fest, the National Arts Center, Place des arts in Montréal, United Nations Youth symposium & opening for Ariane Moffatt.

« Marie-Clo est une vraie artiste dans l'âme et dans le corps. Ça saute aux yeux...et aux oreilles. Armée de sa voix unique et de son impressionnant sens naturel du hook, qui surpasse celui de bien des artistes établis, elle saura faire son chemin parmi les meilleur(e)s. Je le crois depuis le premier jour et j'en ai vu passer plusieurs...Un talent indéniable.»  
—Manuel Gasse, *auteur compositeur interprète/formateur*

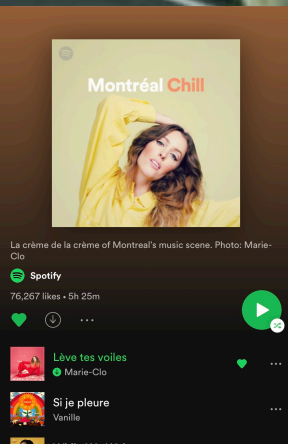

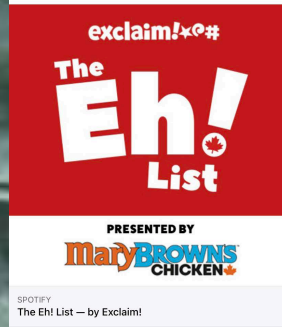

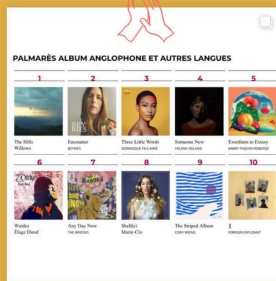

« Lorsqu'elle déploie ses ailes au maximum, rien ne peut arrêter Marie-Clo, peu importe quel chemin elle choisit d'entreprendre.»  
—Joseph Edgar, *auteur compositeur interprète*

« Marie-Clo holds nothing back on her latest track "Red Flag". With rollicking beats giving a kick and double-down attitude to her unhinged harmonies, the song builds momentum fast and with unforgiving force. And when it releases into its soaring choruses it's really hard to not sing along and get lost in its sense of unbridled passion. Plus, it's really fun to see the duality of bilingualism used in such a triumphant song like this (...) »  
—Owen Maxwell, *Ottawa Life Magazine*

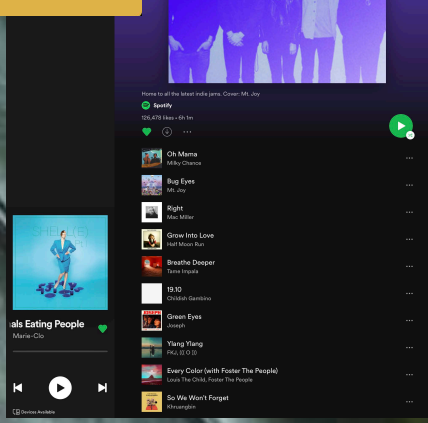

« Marie-Clo est une artiste généreuse sur scène! Son énergie réussi à captiver le public, peu importe leur âge.»  
—Éric Barette, *animateur Apt613*
