1

Clean up

Stage 1 is to clean up all the parts, cut from resin runners and wash in warm soapy water. Once all the parts have been washed & dried, but back in plastic bags for safe keeping.

2

Stage 2 - Wheels and chassis.

Fit the rear axles to the rear wheels. Leave aside to dry. Fit to main body as shown.

Fit front axles to the front wheels and then fit to body.

Once you are happy, Ensure the model sits flat and level.

3

Stage 3 - Internal Detailing

Ensure you do not cut off the small triangular bits under the seats. Fit seats to main body Part 1.

Fit gear stick Part 13 as shown. Fit handbrake and wheel drive selector Part 12. The two levers will need to be bent as shown.

4

3D Views

This is the 3D CAD Model showing the original break down of the parts

5

Stage 5 - Small details

Fit the two wing mirrors
Parts 18 and 19.

Part 20 is optional as some
tugs have this front and
Back.

The complete internal cab
Should be painted and finished
at this stage. Internal colour of
body is the same as external
colour apart from when painted
Desert Sand, the internal colour
remained NATO Green

5

Stage 6 - Finishing and Detailing

A Hallam was seen at Tabuk during Op Granby 1991 in this Light Stone BS381C361 colour. One wheel was still in NATO Green

BS381C 285
NATO Green

FS30279
Desert Pink

BS381C 356
Golden Yellow

Floor - NATO Green with Black anti slip mats

Wall - NATO Green/Yellow

Seats - Dark Grey/Black

Ceiling - Light green quilt

Dash Board - Black

Steering wheel - Black

Gear Sticks - Dark Green with either

Black or red knob

Hand brake lever - Dark Green with Black knob

4 wheel selector - Dark Green with Red Knob

INSTRUCTIONS

- Remove any flash by gently snapping off, or cutting with a scalpel and then lightly sanding.
- Only use Super-glue or a two-part epoxy glue to fix parts.
- Gluing is easier if mating surfaces are slightly sanded to roughen the resin before gluing. Also clean off any dust before gluing.
- Before painting, thoroughly wash all parts in warm water with detergent.
- We recommend the application of a base coat in a light colour to show any blemishes prior to final painting.

WARNING & SAFETY!

- These parts are moulded in polyurethane resin. Please take care when sanding and cleaning up the resin by wearing a dust mask or other protective breathing device to avoid inhalation of the dust particles.
- Wash hands, resin parts and the work surface after sanding resin.
- When using Super-glue or two-part epoxy glue, please take precautions to avoid contact with skin and eyes.
- It is also advisable to wear a mask to avoid breathing in any fumes from the glue or work in a ventilated room.
- The use of barrier creams on hands or wearing disposable gloves, and working in a well ventilated area, is strongly recommended.
- Not suitable to children under 14 years of age.

Thank you for purchasing this Air-Graphics product which forms part of a range of accessories, conversion sets, decals & kits all to 1/72 Scale.
