# 1

## Cabin Assembly

Inside detail of main fuselage. This just needs painting before assembly. Inside is Medium Grey. Instrument panels are Black.

# Cockpit Continued

# 3

## Fuselage Modifications

Part 2, floor pan fixed into The main fuselage. Note, whilst we Have not shown it, windows should be glazed before fixing floor pan. Also, please note we do not have any details of the rear cabin area.

# 4

## Fuselage detailing

Pictures of the Argentine Army A-109A Captured in the Falklands War. Note this did not carry the RWR Fittings 5 and 6. This picture shows The preserved example at the Fleet Air Army Museum which has been repainted in the original Colours.

Nose part 15  
This will need  
reshaping  
to be accurate

Note\* The AAC A-109 has numerous modifications and updates through its service life. Study photos for the correct aerial fit.

The nose Part 15 will need reshaping slightly. Windscreen will need some small adjustment to fit.

Undercarriage doors Part 17 needs cutting in two and one end squared off.

#### INSTRUCTIONS

- Remove any flash by gently snapping off, or cutting with a scalpel and then lightly sanding.
- Only use Super-glue or a two-part epoxy glue to fix parts.
- Gluing is easier if mating surfaces are slightly sanded to roughen the resin before gluing. Also clean off any dust before gluing.
- Before painting, thoroughly wash all parts in warm water with detergent.
- We recommend the application of a base coat in a light colour to show any blemishes prior to final painting.

#### WARNING & SAFETY!

- These parts are moulded in polyurethane resin. Please take care when sanding and cleaning up the resin by wearing a dust mask or other protective breathing device to avoid inhalation of the dust particles.
- Wash hands, resin parts and the work surface after sanding resin.
- When using Super-glue or two-part epoxy glue, please take precautions to avoid contact with skin and eyes.
- It is also advisable to wear a mask to avoid breathing in any fumes from the glue or work in a ventilated room.
- The use of barrier creams on hands or wearing disposable gloves, and working in a well ventilated area, is strongly recommended.
- Not suitable for children under 14 years of age.

Thank you for purchasing this Air-Graphics product which forms part of a range of accessories, conversion sets, decals & kits all to 1/72 Scale.
