# 1

## Cabin Assembly

# Cockpit Continued

Note\* Early model  
Interior colour of  
Beige.  
Late model interior  
Colour is Medium Grey

# 3

## Chassis

It is important you detail and paint this area and the internal surfaces Of the body before putting together.

Fit windscreen part 13 before fixing to the chassis. Use clear fix or similar and this needs to be fixed one side at a time. Fill any gaps with Squadron White Stuff or PVA glue.

# 4

## Final Detailing

Use either part 16 if you don't want to  
Use the clear blue light Part 21

# Range Rover TACR2

Queens Flight  
RAF Benson  
1995  
Overall BS381C 105 Gloss  
Oxford Blue

## INSTRUCTIONS

- Remove any flash by gently snapping off, or cutting with a scalpel and then lightly sanding.
- Only use Super-glue or a two-part epoxy glue to fix parts.
- Gluing is easier if mating surfaces are slightly sanded to roughen the resin before gluing. Also clean off any dust before gluing.
- Before painting, thoroughly wash all parts in warm water with detergent.
- We recommend the application of a base coat in a light colour to show any blemishes prior to final painting.

## WARNING & SAFETY!

- These parts are moulded in polyurethane resin. Please take care when sanding and cleaning up the resin by wearing a dust mask or other protective breathing device to avoid inhalation of the dust particles.
- Wash hands, resin parts and the work surface after sanding resin.
- When using Super-glue or two-part epoxy glue, please take precautions to avoid contact with skin and eyes.
- It is also advisable to wear a mask to avoid breathing in any fumes from the glue or work in a ventilated room.
- The use of barrier creams on hands or wearing disposable gloves, and working in a well ventilated area, is strongly recommended.
- Not suitable for children under 14 years of age.

Thank you for purchasing this Air-Graphics product which forms part of a range of accessories, conversion sets, decals & kits all to 1/72 Scale.
