# 1

## Stage 1 - Clean up and Preparation

Clean up all the resin parts, cut from resin runners and wash in warm soapy water. Once all the parts have been washed & dried, but back in plastic bags for safe keeping.

---

# 2

## Stage 2 - Main body and wheels.

Ensure all the locating rings are drilled out to take the axles.  
Parts 6 - 9

Fix axles 6 - 9 to wheels 2 - 5. There is no particular order of which axle to wheel.

Note\*, I fit 3 wheels and then when all set, I add the last wheel so check to see the body sits flat and level. There is a small amount of adjustment you can do on the last wheel.

---

**3**

### Stage 3 - Front and Rear of body

---

**4**

### Stage 4 - Drivers Area

Fit accelerator pedal  
Part No 18, brake pedals  
Part 19 and steering  
Column Part 23.

Fit gear lever Part 17  
And then fit 4 wheel  
Drive selector Part 21.  
Note this should be 2mm  
long

# 5

## Stage 5 - Those small bits and pieces

Once the main body and cab is complete, the small bits can be added. Parts 13 - 16 are small resin caps that fit over the small nibs on the resin top body. Note there are 4 spare parts in case you loose these.

# 6

## Stage 6 - Finishing

Lights and light protectors. Cut out the pear shaped light protectors, sand edges to shape and fit these front and back (Parts 25 - 28). Note there is a resin template in case to break one of these parts.

Note\* the space in the rear often had a wire cage or canvas end piece to stop chains & wheel chocks etc. from falling out.

Profile 1: HMS Ark Royal (R09) 1976. Tug No 2. 53RN84 Note Union Jack on rear And HMS Ark Royal badge on one side. Queens Silver Jubilee Celebrations.

Profile 2: HMS Hermes (R12) 1972. Tug No 4. 60RN84 'Dumbo'

Profile 3: HMS Eagle (R05) 1969. Tug No 5. 30RN84 'E05' Coded 'A' on top Deck

#### INSTRUCTIONS

- Remove any flash by gently snapping off, or cutting with a scalpel and then lightly sanding.
- Only use Super-glue or a two-part epoxy glue to fix parts.
- Gluing is easier if mating surfaces are slightly sanded to roughen the resin before gluing. Also clean off any dust before gluing.
- Before painting, thoroughly wash all parts in warm water with detergent.
- We recommend the application of a base coat in a light colour to show any blemishes prior to final painting.

#### WARNING & SAFETY!

- These parts are moulded in polyurethane resin. Please take care when sanding and cleaning up the resin by wearing a dust mask or other protective breathing device to avoid inhalation of the dust particles.
- Wash hands, resin parts and the work surface after sanding resin.
- When using Super-glue or two-part epoxy glue, please take precautions to avoid contact with skin and eyes.
- It is also advisable to wear a mask to avoid breathing in any fumes from the glue or work in a ventilated room.
- The use of barrier creams on hands or wearing disposable gloves, and working in a well ventilated area, is strongly recommended.
- Not suitable to children under 14 years of age.

Thank you for purchasing this Air-Graphics product which forms part of a range of accessories, conversion sets, decals & kits all to 1/72 Scale.
