Drg No: MV-1012 - 01

Drawn: Gary Madgwick

12/04/2024

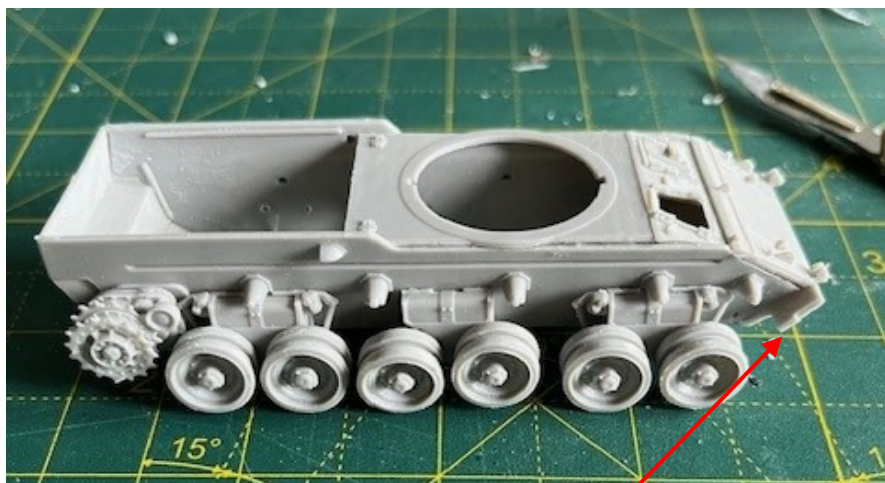

1

Chassis Assembly

Build the ACE model kit chassis as per kit instructions but replace the two idler wheels Parts A01, A02 & A10 with new resin items.

Note the kit instructions are quite poor and confusing so please take care as the location of the two front idler wheels is not very clear.

We recommend these two front wheels are positioned before the main suspension/wheel units are fixed.

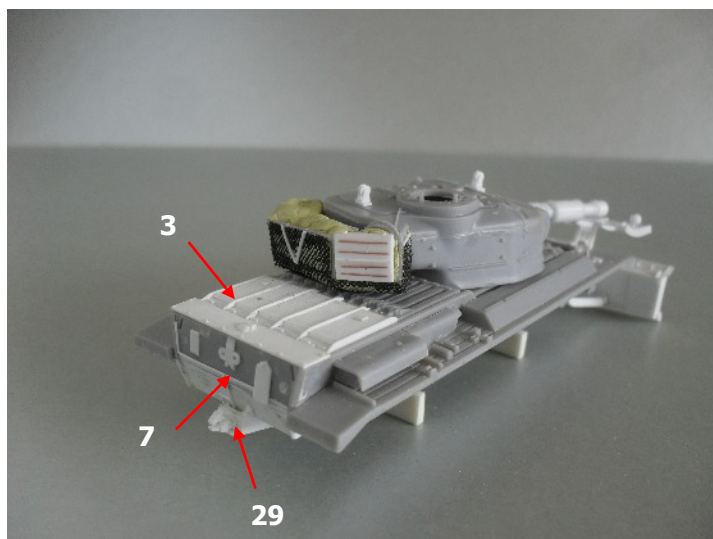

Kit parts 1 and 2
These go on kit parts B04 and B12

2

Hull Assembly

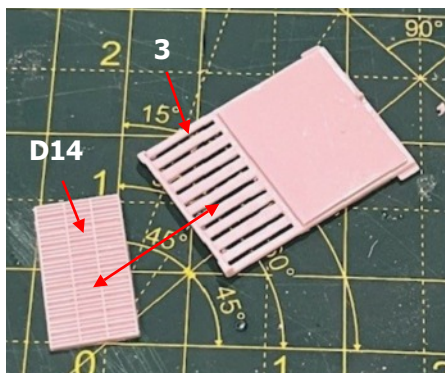

Build the hull assembly as per kit instructions but do not use parts D19, D17, D29, D22, D18 and E12/13.

You also do not need parts E16, C26, G04 and G05, C10, B14, E10, D04 x 2, G12, photo etched parts P02,

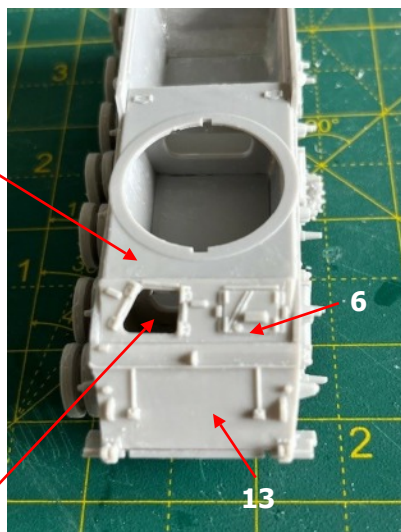

Use kit Part D14 to the underside of resin part 3. We recommend D14 is thinned down to get a better fit with the resin part.

The kit fenders will need altering at the front end. Cut off the front Section and fit new resin front ends. Parts 8 and 9.

Kit Part
D20

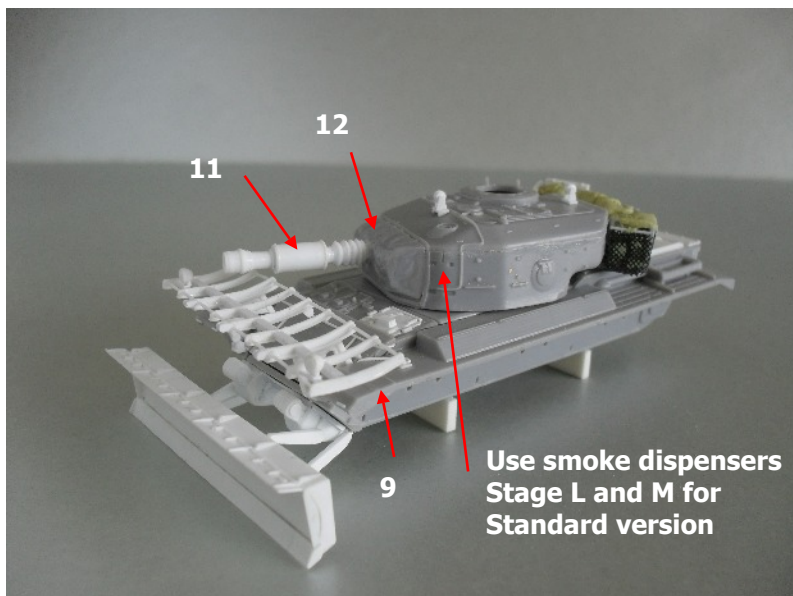

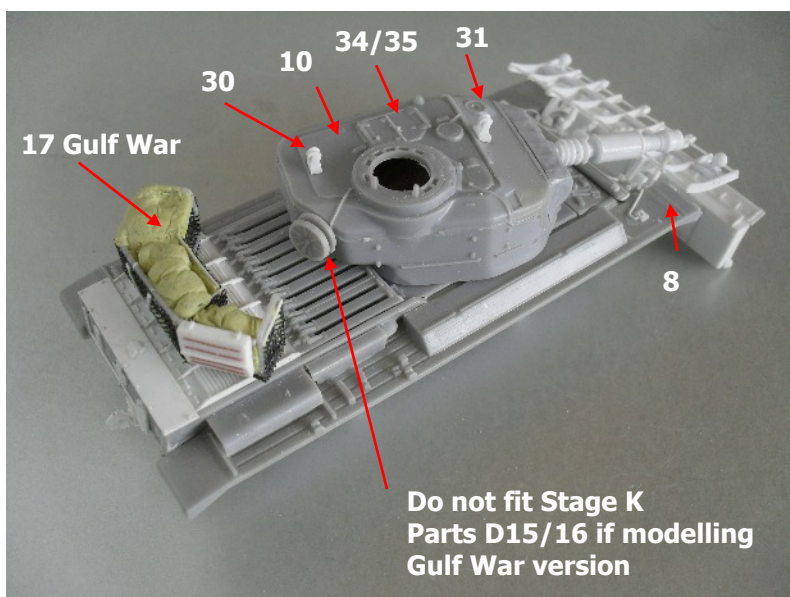

Drivers hatch
Resin Parts
32 & 33

3

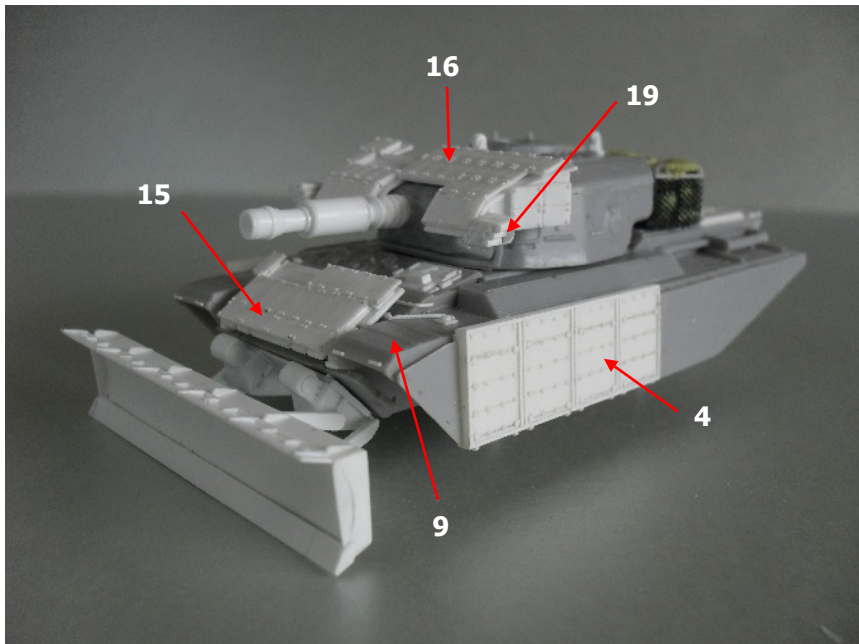

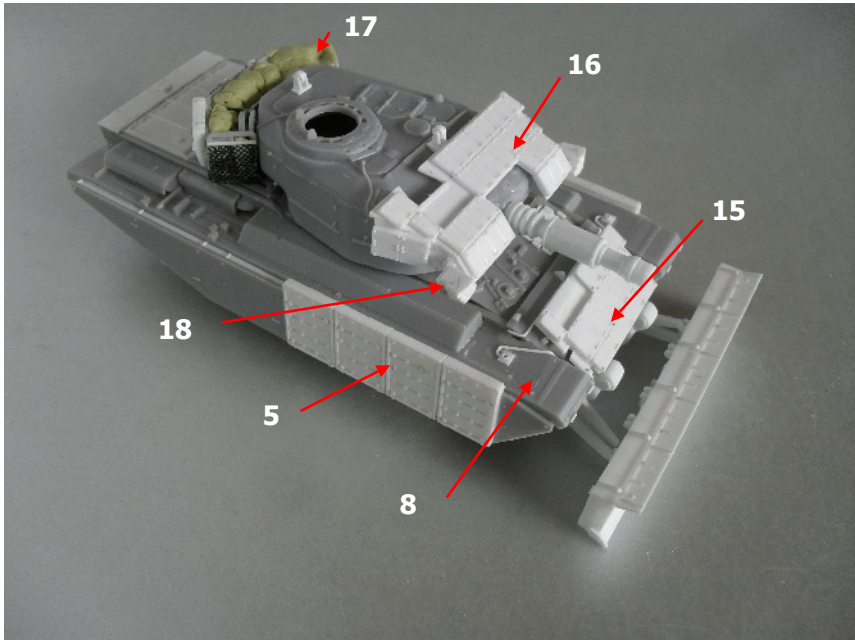

Turret Assembly

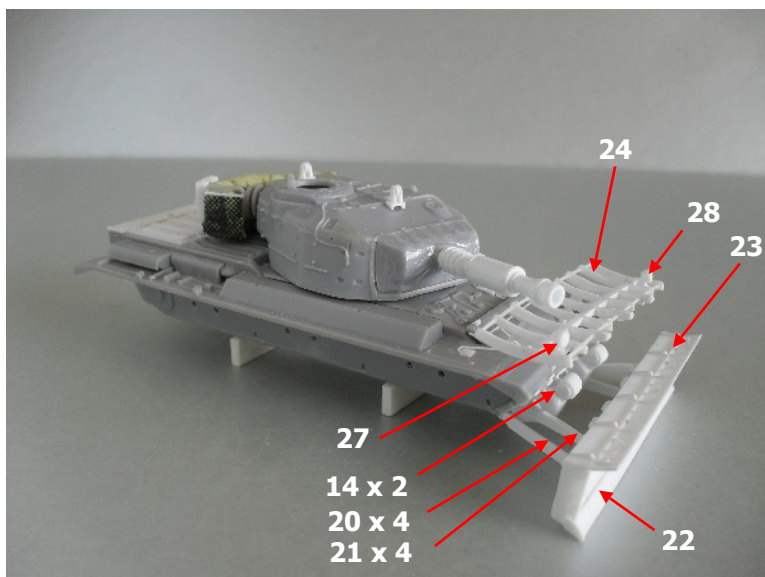

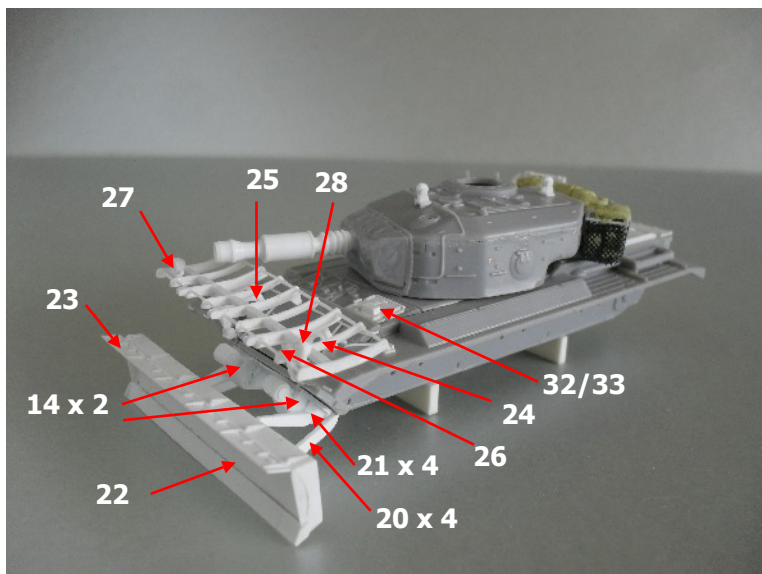

Assemble turret as kit instruction but do not use parts G19, C21 or C30. For the Gulf War version only use the three side turret boxes Stages I, N and J. You will also not need any of the kit gun barrels.

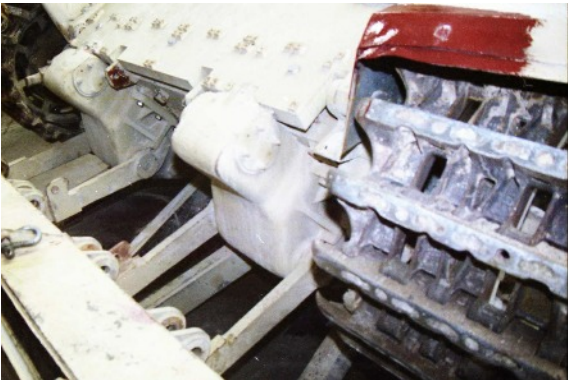

4

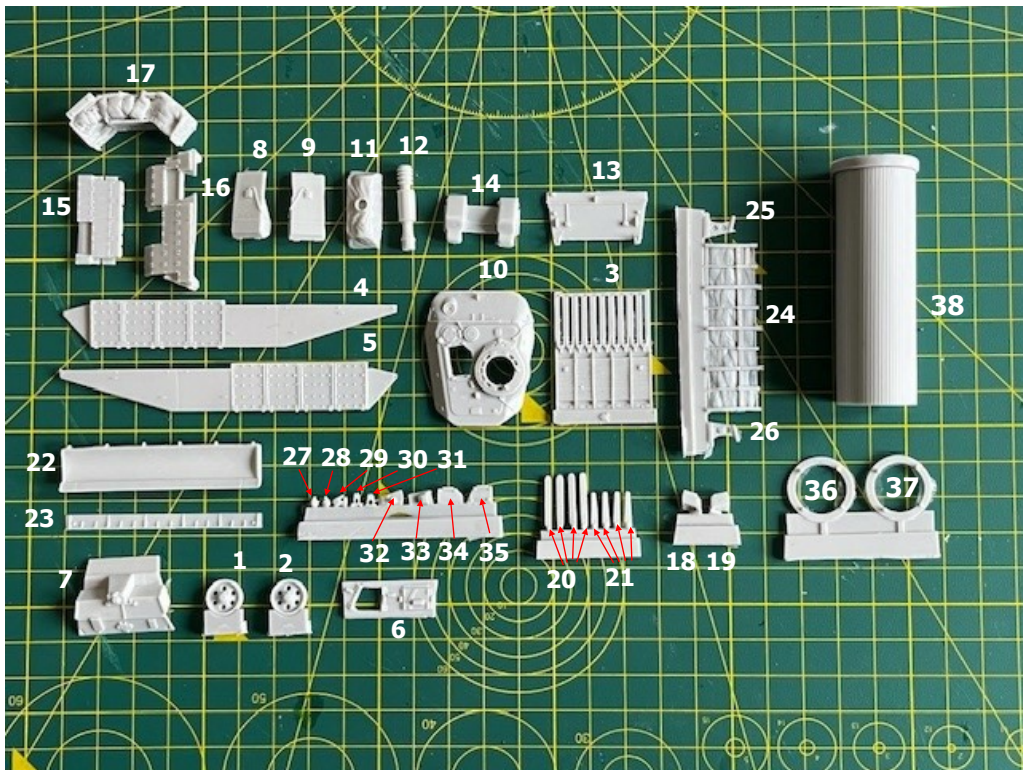

Gulf War Modifications

INSTRUCTIONS

- Remove any flash by gently snapping off, or cutting with a scalpel and then lightly sanding.
- Only use Super-glue or a two-part epoxy glue to fix parts.
- Gluing is easier if mating surfaces are slightly sanded to roughen the resin before gluing. Also clean off any dust before gluing.
- Before painting, thoroughly wash all parts in warm water with detergent.
- We recommend the application of a base coat in a light colour to show any blemishes prior to final painting.

WARNING & SAFETY!

- These parts are moulded in polyurethane resin. Please take care when sanding and cleaning up the resin by wearing a dust mask or other protective breathing device to avoid inhalation of the dust particles.
- Wash hands, resin parts and the work surface after sanding resin.
- When using Super-glue or two-part epoxy glue, please take precautions to avoid contact with skin and eyes.
- It is also advisable to wear a mask to avoid breathing in any fumes from the glue or work in a ventilated room.
- The use of barrier creams on hands or wearing disposable gloves, and working in a well ventilated area, is strongly recommended.
- Not suitable to children under 14 years of age.

Thank you for purchasing this Air-Graphics product which forms part of a range of accessories, conversion sets, decals & kits all to 1/72 Scale.
