NEWSLETTER - ISSUE 2 JANUARY 2020

Welcome to this our second newsletter featuring 2020 new releases.

Firstly, I would like to send a Happy New Year to all our customers for making 2019 such a great year and we have doubled our products since November 2018.

The Westland Wasp conversion set is still selling and now totals 723 sales. This is fantastic news and generates income to produce conversion sets.

In 2019 we teamed up with MP Masters to produce some stunning new conversion of the HH-60J Jayhawk interior and engine detail sets. The detail must be seen to be believed.

We also had the first masters from Colin Pickett for the Westland Gazelle. Again, fantastic detail which has been particularly well received and sold in large numbers. New stock is due in the middle of the month.

New for 2020:

Conversion Sets:

Lynx AH-7 Conversion Set

SA 565 Panther 'Pedro' Detail set

MHR/NH-90 TTH Interior Set.
