**Introduction to the Lesson Text**

Why is it that some Christians are "IMPATIENT" when having to "WAIT" for the things that could seemingly be beneficial now? In fact, we seldom get what we really want immediately any way. **Psalm 27:14** says "WAIT" on the Lord, and **1 Corinthians 13:4** says love is "PATIENT". Therefore, this may be the answer to the question. God may desire to teach us some things as we "PATIENTLY WAIT" for Him to answer our prayers. If the Lord had immediately freed the Israelites from slavery, their knowledge and understanding of the power of God would have been greatly limited. When Israel's deliverance finally came, no one could have confused the only true God with the powerless false gods of Pharaoh and the Egyptians. Without the plagues on Egypt, neither the Egyptians nor the Israelites would have been fully persuaded in the power of the Almighty God, and His power over all the other gods of Egypt.
