

COVID-19 UPDATE

MARCH 22,2020

As we all are doing the same, we are watching updates from the CDC and local, state, and federal authorities regarding large gatherings. As of this moment, we are still proceeding with many of our events in May, but as we get closer, if the situation changes regarding CDC guidelines or if any mandates get put into place, we will adjust our plans accordingly in order to adhere to them.

Our March and April races are getting rescheduled for later in the year as we speak, and as dates become available, we will share them with you. The safety of our fans, our runners, and our families will always come first. We will keep you updated regularly on this page with any updates.

Stay safe, and stay healthy!
